Trip To Boise

On May 1, 1969, Jan Wilson's sixth-grade students went on a field trip to Boise. We left at 9 a.m., and made pretty good time for a bus full of noisy kids. As we got there at 10:10, our first stop was at the capitol building. We only had 15 minutes. We only saw the rocks, but we had fun riding the elevator. Our second stop was the airport where we were given a very good tour.

Then we went to the museum where we saw a lot of interesting Antique things. We went to the zoo to eat lunch. Here we enjoyed seeing all the animals and birds. Then we went to the KBOI television station. We saw how live shows were put on and many other interesting things. We also saw Dick Erdly and Marty Holten. Last we went to the Statesman plant where we saw the running off of the papers. They told us that 130,000 miles of paper is used in one year. Then we
