FIRE CALLS!

Adrian fire department answered a July 19 call to the Cornelius Barton ranch where they extinguished an old hay stack and weed fire.

Nyssa volunteer firemen answered three calls this week. Two were to the same location. On the evening of July 18 they were called to the Duffin place on North First, where they extinguished a blazing shed. The fire was caused by burning weeds which got out of control. On the 21st of this month they were again called to the Duffin's to extinguish a burning tree, which was the result of the first fire.

On July 23 they were called to the Van Urre ranch. The call turned out to be a false alarm. It appeared the Urres' were burning an old straw stack and a neighbor seeing the flame called the fire department.

This area is well-known for Indian artifacts.

The morning of July 9 was a time of leisure for most with cleaning up of the area and preparations for the home-ward journey. Several decided to ride into the valley to search for arrowheads.

We returned home at 7 p.m. without any major mishaps and everyone expressed their thanks to those who had attended the Pee Wee Rodeo to make this trip possible for the young riders. -- Sharon Coleman, reporter.
