WORK SMARTER - NOT HARDER

CHILD-PROOF UNUSED REFRIGERATORS. When you discard a refrigerator or freezer, completely remove the door as soon as possible. Children are intrigued with an empty refrigerator as a playhouse or hide-out. They don't know the danger of entrapment.

Death from suffocation can come within ten to fifteen minutes in this airtight compartment. The insulation may keep a child's first cries from being heard. Twice as many boys as girls are victims of entrapment.
