Thunderegg Mall

Nyssa merchants are celebrating the 4th anniversary of Thunderegg Mall this week-end. This is an excellent example of what can be accomplished by local private enterprise, and the results have been most rewarding to Nyssa shoppers, and presumably to the far-sighted merchants who made the parking lots available to the public.

Several years ago it became obvious to these merchants that the lack of public parking was a problem in Nyssa, just as it is in every city in the country. Eight of them banded together and purchased two of the most valuable pieces of commercial property in the city to make this parking available. They paved the lots, provided brilliant lighting, landscaped and striped them to make easy access for shoppers.

Business firms responsible for Thunderegg Mall are the First National Bank of Oregon, Bracken's Department Store, Michael's Pharmacy, Wilson's Market, Nyssa Rexall Pharmacy, Paulus Jewelry, Coast-to-Coast Store, and Wilson's Department Store.

These firms have not only provided easy access and parking to the many establishments up and down Main Street in each direction, but have eased traffic problems on our busy highway. Hundreds of cars are seen coming and going throughout each day, many of them with out of state license plates. Many other firms in town help to maintain the Mall.

This kind of private enterprise is healthy for the community, but also insures that we, the customers, can receive the maximum in service, fair prices, and quality merchandise right at home.

We suggest that you check carefully the ads in this issue of the Journal. Then you can not only save some money, but show your appreciation to our fine Nyssa merchants who make this facility available on this 4th Anniversary of Thunderegg Mall.

Letters to the Editor

Editor, The Journal:

Editor, The Journal:

Before I left my home-town in Germany to come to Nyssa for a year, I didn't know or dream that this year would be so wonderful and full of experiences. Now, this year is almost over - I am bound to leave Nyssa, June 28.

Of course, I am a little anxious to get back to my home in Europe and see my parents, relatives and friends. But with this feeling of eagerness to get home comes a certain kind of sadness. I know that I will get homesick for Nyssa when I'm back home. I'll remember all the friends I had and all the people I met while staying with the Roy Hirai family, and I hope that someday I'll be able to come back to Nyssa.

Now, before I leave, I'd like to thank all citizens of Nyssa for helping to make this year one of the most wonderfully in my life.

Sincerely,
Lutz Kliche

I wish to thank everyone who voted for me, supported me, or gave publication to the issues in the recent race for Superintendent of Public Instruction. Education is a vital part of our way of life. Those who present divergent views on this subject render a true public service.

While the mass media largely ignored my candidacy and the issues, private citizens from all over the state contacted me by telephone or letter and gave me great encouragement. And over 103,000 of them voted for me in the election.

These votes were not wasted. They will inspire me and, I hope, members of our legislative assembly, to continue to work for true representative control of the educational process by the people.

Sincerely yours,
Tom Bockelman
