C of I Professor Publishes Book

Dr. William R. Sickles, professor of psychology at Boise State College, is the author of a newly published book, "From Tongues of Temple Bells." This is Dr. Sickles' second book; his first book, last year, was a children's story, "Herman the Termite." The new book is a poetic and easily understood study of oriental wisdom. The author has selected ten separate ancient civilizations as settings for this unusual work. Sometimes fictional, sometimes historical, the story is drawn from each culture and turned into a vehicle, as it were, to carry the philosophy.
