For many years the people of the area have been talking hospital. This dream will come true with the opening of the Malheur Memorial Hospital September 24. ### 60 YEARS AGO

Not as many were present the first couple of days as were registered at the close of the spring term, and there are a number of children on the street and at home that should be in school. Parents are you not neglecting your duty by allowing your children to stay away from school?

The teachers at the opening of school were W. B. Allen, superintendent; Miss Olive Swesey, assistant in the high school, Albert Gibson, 7th and 8th grades, Miss Sherwood, 5th and 6th grades, Miss McConnell 3rd and 4th grades. Mrs. R.J. ### The Day The Gates Were Closed

Oregon's famed hunting season is fast approaching. Soon 350,000 licensed hunters will be taking to the field. Of this number, more than 250,000 hunt deer and nearly 70,000 hunt elk. Those who hunt ducks, geese, pheasant, quail, chukar, grouse, and pigeon or dove number over 200,000.

Now that's a lot of people spread over this state of ours in pursuit of game.

Most of these hunters are well aware of game laws and just plain common courtesy in the wilderness -- be it public or private land. But some ding-a-lings are doing their utmost to ruin it for others.

- According to the Oregon State Game Commission, major behavioral problems concern:
- trespass on private property
  - shooting from highway and road right-of-ways and hunting from vehicles
  - using vehicles in off-road situations on private and public lands causing erosion, crop damage, game harassment
  - shooting near buildings or livestock
  - cutting or otherwise damaging fences, leaving gates open or not leaving them as they were found, destroying or damaging signs
  - leaving warming fires unattended, and littering
  - violation of the game laws
  - damaging property such as equipment, power lines and insulators and roads
  - just plain thievery

Concerned citizens have forecast that this hunting privilege for Oregon's outdoor citizens might well be jeopardized in the future. There may be a day in the not-too-distant future when the gates will be closed -- be it private or public lands.

A group called SOLV -- Stop Oregon Litter and Vandalism -- is one which is much concerned. This group has developed a modest campaign, along with the Bureau of Land Management's "Johnny Horizon" fall campaign, for the fall hunting season to alert concerned hunters to this abuse of our lands and the ever greater need for the good judgment in respecting the rights of the landowners and each other.

Each one of us must make it our responsibility to respect the land, our neighbors and obey our game laws.

Or that day, when the gates are closed, will be upon us.

### St. Bridget's News

St. Bridget's Christian Education classes for grade school children began this week. The 4th through the 8th grades meet on Monday at 4 p.m. and the 1st through the 3rd grades meet Tuesday at 4 p.m. Teachers and aides in the program include Mrs. Quinowski, Mrs. Nemazi, Mrs. Guerra, Mrs. Almandares, Mrs. Rose, Mrs. Jensen, Mrs. Studer, Mrs. Stultz, Mrs. Brown, Mrs. Hurchak, Mrs. Gomeza, Mrs. Bosselman, Barbara Williams, Sisters Timothy and Ellen and Father Young. Mrs. Grunke is in charge of visual aids and liturgical programs with Mrs. Jackson and Mrs. Williams taking care of the office tasks.

A potluck dinner was held in the parish hall Sunday, Sept. 13. Mr. and Mrs. Charles Conant and family, new to the parish, were introduced. Rev. Leo Weckerle, chancellor of the Diocese of Baker, joined the group. Coffee and punch was provided by the Altar Society and each family brought servings of various foods.

### In Memoriam

In loving memory of Glen J. Osborn who passed away five years ago, September 17, 1965.

The call was sudden, the shock severe. We never thought the time so near. You live with us in memory still. Not just today, but always will. You bade no one a last farewell. You said good-bye to none. The Heavenly Gates just opened wide and a lovely voice said "Come".  
Dulce Osborn

Mrs. Myrtle Kurtz

### LETTER TO EDITOR

Editor, The Journal:

During the early part of August, Governor Tom McCall addressed a letter to employers of Oregon National Guardsmen in which he requested understanding and cooperation during our period of accelerated training recently completed. Specifically, he asked for excused periods of absence from jobs in order that Guardsmen could participate in re-scheduled training periods during the National American Legion Convention. These assemblies were needed to provide military support to City, County and State civil authorities in Portland and nearby areas.

Employers responded by adjusting work schedules, asking other employees to help fill in and generally making sacrifices which would not normally have been required had Guardsmen been available for work.

It is impossible to measure the monetary value of life and property protected by having Guardsmen continuously available during the period of the convention and the accompanying Peoples Arm, Jamboree, Confrontations which have occurred in other parts of the United States under similar circumstances have resulted in untold property damage and the loss of life. We feel that our presence helped prevent that in Oregon.

Sincerely,  
Donald N. Anderson
