GRANNY'S RECIPES AND RULES

Recipes and important rules of conduct, taken from the Cook Book of great-grandmother Burger. The book was published in 1800 and information received from one of our rural correspondents, Mrs. Dale Witt.

TEST YOUR OVEN To test the heat of the oven, put a spoon of flour on an old dish and set in the oven. If it browns in 60 seconds the heat is right for bread. If it browns in less time the heat must be lessened. But, if it is not browned in that time it is not hot enough.

The oft repeated rule to hold the hand in the oven long enough to count so-and-so is no accurate test, on account of the varying ability of different persons to bear heat. If stoves had a thermometer attachment for the oven door, by which the degree of heat could be seen at all times, the invention would be of incalculable benefit.

In recipes giving a "cup of flour" means a cup of flour dipped from the barrel and unsifted. Owing to the difference in brands of flour, flour must always be sifted. Recipe for this week:

JOHNNIE CAKE
2 cups corn meal
1 cup flour
2 cups sour milk
1/2 cup brown sugar
1 egg
1 pinch of salt
1 teaspoon soda
Sweet milk and 2 heaping teaspoons of baking powder may be used instead of sour milk and soda.

When baking "Johnnie Cake", after it begins to brown taste it with a small clean rag tied to a stick, dipped in melted butter.

RULES OF CONDUCT
Never exaggerate -- Never point to another -- Never betray a confidence -- Never wantonly frighten others -- Never leave home with unkind words.

PTA Council Elects Two-Year Officers

Malheur County PTA Council meeting was held in the junior high school building in Nyssa Thursday, April 1, with all local unit officers and chairmen from Malheur County meeting to elect officers for the next two-year period.
