Marine Second Lt. Ronald K. Roth, son of Mr. and Mrs. Carl Roth of Nyssa, completed the 26-week officers basic course March 30 at Marine Corps School, Quantico, Va.

20 YEARS AGO

Iva Adaline Garren, two year old daughter of Mr. and Mrs. W. H. Garren, was killed when struck by the locomotive of the fast freight on the railroad bridge over the Snake River south of Nyssa about 10:45 a.m. March 28. Father of the girl, said the accident occurred after he had carried some seed across the railroad bridge from Bridge Island, on which he is living. He carried the seed because the ferry recently sank and when he started across the bridge, Iva and two of her brothers were playing on a road on the large island, which is crossed by the railroad track.

According to the report of Elmer Williams, engineer of the diesel engine, Iva and at least one of her brothers must have followed Mr. Garren, onto the bridge, because when the engineer sounded the whistle one boy ran off the tracks. Williams again sounded the whistle and rang the bell and finally saw a tiny object. He desperately pulled the emergency brakes but could not stop in time to avoid the accident that threw the girl against the bridge girder and into the river. State and city police, railroad officials, Nyssa volunteer firemen, county officials and Nyssa residents owning motor boats aided in the search for the girl's body. Besides cruising up and down the river, the area between Payette and Weiser is being searched. Canyon County Sheriff's posse are dragging the swift swollen river just below where Iva's body fell from the trestle.

She is survived by her mother and father and five brothers and sisters.

The ladies H.C. Club gave a banquet in honor of their husbands, in the basement of the Presbyterian Church Thursday evening. It was the most elaborate and successful social affair of the season. A four course dinner was served, which was appetizing and beautiful beyond words. The ladies were very prettily dressed, and though so much of course cannot be said about the men, yet they did their best. After the banquet a fine musical program was given by Mrs. McCarty, Mrs. MacLafferty, Mrs. A.H. Boydell, Mrs. Crawford and Mrs. Stubbs, which was very much enjoyed.

Some of the men were heard discussing the mysterious name of "H.C." and they all decided that it means "high class."

"Good Sounds" To Present Concert Of Sacred Music

The Conservative Baptist Church, N. Fourth and Locust Ave., will host a concert of sacred music tonight (Thursday) at 7:30 p.m. The concert will be presented by the "Good Sounds," a group of 32 young people from Memorial Baptist Church, Fresno, California.

The program will include both vocal and instrumental music. Instruments include piano, guitars, banjo, bass guitar, brass section and drums. The vocal portion will feature a group of numbers by the "Fish-

ermen," a folk quartet. Songs will range from contemporary sacred folk to a group of numbers from the cantata "So Send I You" by John W. Peterson. The "Good Sounds" have not only been involved in concerts but as a group have been active in missionary ministries. A recent project involved the purchase, rebuilding and delivery of a station wagon to a Mexican Bible Institute.

The goal of the group is "involvement with a purpose" according to their director, Jim Tuck. They eagerly explain that their purpose is to communicate the good news of Jesus Christ. Their concert is designed to make you ask, "Is There More to Life?"

Pastor Coats of the Nyssa Baptist Church stated that the concert is open to the public with no charge for admission. He added that a reception for the "Good Sounds" will be held in the Fellowship Room of the church immediately following the concert.
