**Yes, There Will Be Tomorrow**

We have heard the cynical remark that "because of a lack of interest, tomorrow will be postponed." But the Good Lord doesn't work that way. He continues to send sun and rain in the right amounts to keep the crops and flowers coming. A clergyman in Spokane, Washington, named Erwin Toner expressed this well for us in verse. He calls it "Generosity":

"God might have given sparingly  
 Of morning light;  
 God might have made very few  
 The blossoms bright;  
 He might have pinned just one night star,  
 Up in the sky;  
 But since He gave so lavishly,  
 Why shouldn't I?"

**U.S. Army Recruiters To Gain New Assistants**

The United States Army Recruiting Command will inaugurate a new system of personalized recruiting across the nation this month. Called the Hometown Recruiter Assistant Plan, it will team young soldiers with experienced Army recruiters to tell their communities about Army career opportunities.

The Assistant Recruiters are being chosen from volunteers who are recent graduates of one of the Army's advanced individual training centers. The centers are located at Ft. Knox, Kentucky, Ft. Jackson, South Carolina, Ft. Polk, Louisiana, Ft. Lewis, Washington, and Ft. Ord, California.

Those eligible will be recent high school graduates and possess outstanding military bearing and attitudes. They will also have been required to graduate in the top half of their classes at the centers. All will be members of the Regular Army and trained in infantry or armor.

If selected, the young soldier will be returned to his hometown for a period of two weeks. While there, he will talk to high school assemblies, civic clubs and other organizations. He will also accompany the local Army recruiter on his daily activities.

A similar program has been in use in the British Army for a number of years. Army officials reason that many young people are hesitant to talk with the professional Army recruiter but would feel free to discuss service information with someone of their own age group.

**Agriculture Is Our Business Too.**

Agriculture is one of Oregon's leading businesses. So at First National, we make a special effort to serve Oregon's agribusiness needs with services developed from over a century of experience. And we provide branches in towns like Ontario and Nyssa, staffed with loan officers and field men who have down-to-earth agricultural and banking knowledge. That's one reason we're Oregon's leading bank.

Just one of the many Agribusiness services is providing machinery and equipment loans . . . for cars, trucks, tractors, combines, swathers, balers, choppers, milking machines . . . implements and farm machinery of all kinds. And we provide them quickly, because we know your crops and equipment needs can't wait.

If you're considering a farm equipment loan this year, see Ray Rankin at the Nyssa branch of First National. Agriculture is his business too.
