

OUT OF THE PAST

10 YEARS AGO

Lena Kalaya, exchange student from Greece, left yesterday by bus with Job's Daughters who were enroute to Portland to attend grand session. Miss Kalaya will meet other exchange students in that city where they will board busses and tour different parts of the United States before returning to their native lands. During her stay in Nyssa Lena's host family were the Grant Rineharts.

The Town and Country Garden Club members held their June meeting at the home of Mrs. Howard Myrick.

A report was given on projects completed during the past month. Members planted 17 dozen petunia plants at Malheur Memorial Hospital grounds. Mrs. Bud Tibbets reported that the group will landscape the new swimming pool grounds.

20 YEARS AGO

By Mrs. Mary Pomeroy
In a minor way the city of Nyssa returns to the olden days which are remembered by residents of the past who lived in this area, when the City of Nyssa consisted of just a roadway flanked by a few frame buildings which would now be termed 'shacks' by the present residents. In that period of its history the horse was king. The surrounding territory being a natural horse country as it is today, was allowed to produce numerous herds of horses which numbered into the thousands. Old timers tell of the times when as high as three and four thousand head of horses would be gathered on the alkali flats surrounding town, awaiting shipment on the Union Pacific Railroad.

Nyssa returns to those days of the west July 12 through 14. At that time the Owyhee Riding Club and the Chamber of Commerce will present the fifth annual Rodeo at the Owyhee Riding Club grounds, located on a site formerly used by horsemen of this area in holding and handling their herds while awaiting shipment. While the modern day Rodeo has little resemblance to the round-ups of the past, it is a great spectator attraction based on the stockman's work and life.

Hal "PULL LEATHER" Henigson has indicated that he may participate in the calf roping contest during the Nyssa Night Rodeo.

If the comedians and bull fighter do not appear as scheduled, the local lawyer and former Fifth Avenue Cowboy from "Noo Yok" may provide the comedy. Persons who have seen him try to rope a calf know the performance will be a comedy.

30 YEARS AGO

In conjunction with the Pioneer Day of the Church of Latter Day Saints, citizens of Nyssa, through the Chamber of Commerce and other civic organizations will hold a celebration on Thursday, July 24th to mark the progress of the city and surrounding farming community. As a motivation of this celebration is the recent opening of Nyssa's \$207,000 underpass and the near completion of the Union Pacific's \$10,000 passenger station.

In charge of the entire affair is Bernard Eastman and J.B. Geizentanner, with Bishop Duwayne L. Anderson in charge of the parade, the theme of which will be the coming of the pioneers, founding of Nyssa, the industries, progress and improvements.

40 YEARS AGO

Nyssa has two orchards that rival anything in the country in size and productivity, the Idanha and D.T. Sleep orchards a few miles from town. The Sleep orchard covers 300 acres of land, 240 in apples, 60 in prunes. An estimated 120 carloads of fruit will be shipped from the Sleep orchard alone.

The Idanha prune orchard, one of the show places of the Snake River Valley for many years, comprises 120 acres. George Hill, manager, said today that crop prospects were never brighter.

A thinning crew is at work at the fine 20-acre orchard of C.C. Hunt. Numerous other fruit growers swell Nyssa's crop to several hundred carloads annually.

Vacation time is the busiest season of the year for Harold

placed a price on the head of the busy little tunneler to whom is credited numerous ditch breaks and the loss of water. A few dollars invested in gopher tails annually pays dividends.

After battling through a unique earth formation of hard shale interspersed with water bearing fissures, S.S. Magoffin Company, Vancouver is back to solid earth for a distance of at least a hundred feet. The company has made slow but steady progress through the most troublesome fault zone ever encountered by a tunnel builder in this section.

50 YEARS AGO

The contract for the building of a fine new two-roomed school house in Big Bend District 47 has been let to Mr. Fry of Parma. The lumber is being hauled by truck from Parma and the carpenters will start work in a few days.

A number of Nyssa men employed by the Short Line on section work, enjoyed a holiday Saturday, and accompanied by their families, attended a banquet given in their honor at Nampa at the City Hall. After a royal feed, music and dancing were enjoyed. About two hundred persons attended.

While the party of Nyssaites were in Nampa they witnessed a large fire which totally destroyed a livery stable on 12th St., and did considerable damage to other buildings close by.

60 YEARS AGO

It is announced from the Payette Lakes that strenuous opposition is developing from that section to the use of the big lake for reservoir purposes by the Black Canyon Irrigation District.

At present writing, the Journal is not informed as to what measures the opponents of the reservoir scheme propose to adopt, but is certain that if

the Idaho Land Board grants permission, there is nothing to it but condemn the land to be flooded, and to take the reservoir site over.

The opposition claims that using the beautiful lakes for picturesqueness of the landscape. However, it occurs to us that the more water put into the lake, more landscape; hence more benefit than detriment, except to the town lot holders on the lake front.

George Green has started work at his brick yard in the northern part of town, having contracted with Warren Fenn

for to burn 150,000 brick immediately. This is as it should be, for there is no good reason for Nyssa not producing all the brick and cement blocks used for building purposes here.

Chicago Capitalists will put \$61,000 into a pumping plant near Nyssa, which will irrigate some 5,000 acres of land. The construction to commence immediately.

Arcadia Club Meets To Elect Officers

The Arcadia Club met June 18 at the home of Mrs. Don Bullard with 13 members present. Mrs. Parley Feik was elected president for the coming year. Mrs. Everett Edmonson, vice president; and Mrs. Brig Olsen, secretary and treasurer.

Mrs. Jim Tracy received the gift for the best decorated year book.

Next meeting will be the community potluck dinner at the home of Mr. and Mrs. Brice Olsen in July.
