**HEARINGS SET ON HELLS CANYON BILL**

After more than a year of asking for hearings on his Hells Canyon-Snake National River bill, S. 717, Senator Bob Packwood (R-Ore.) Friday was promised hearings on his bill September 16 and 17.

Packwood hailed this news as a "major victory" for hundreds of thousands of Americans who are fighting to save the Snake.

On Friday morning Packwood said he received the "personal promise" of Senator Alan Bible (D-Nev.), chairman of the Senate Subcommittee on Parks and Recreation of the Interior Committee, that hearings would be scheduled.

This means that Packwood will not offer his amendment to save Hells Canyon as a substitute to another bill, S. 488, which would declare a 7-year moratorium on dam construction to permit further studies.
