Things You Should Know About Your Eyes

It's a fact—two out of every three adult Americans have inefficient vision... which may handicap them in their jobs and daily activities! This may also expose them to dangers on the job or at home that might otherwise have been avoided!

Did you know that 80% of learning depends on vision? Or that four out of ten grade-school children are visually handicapped? Vision is important! Your eyes are obviously well worth protecting.

Here's a new wrinkle on how to look great when you get where you're going: Unpack the clothes you expect to wear first and hang them on the shower curtain rod over the bathtub. Then turn on the hot water and let the steam rise. Wrinkles will fall out after a half hour and natural fabrics will dry quickly and smoothly.
