New Director Appointed For County Service Clinic

Recently appointed director of the Malheur County Family Service Clinic (mental health clinic), John Edwards, a social worker from Sonoma, California is expected to arrive in Ontario next week prior to taking over his duties in the clinic on October 1.

Coming to Malheur County with a wealth of experience in the mental health field, Edwards received his MSW (master, social work) degree from the University of Kansas in 1963 and has worked in the California Department of Mental Hygiene since that time. His most recent assignment has been that of assistant program director of a 380 patient program for the chronically ill at Napa State Hospital.

Edwards, born and reared on a farm in Kansas, is married and the father of two young children. His wife, Barbara, also holds an MSW degree but does not plan to work full time out of the home. Their family also includes a 185 pound St. Bernard dog and two cats. He is an avid fisherman and enjoys picking the guitar and five-string banjo. He anticipates spending the first few days in Ontario scouring the countryside for a home, either to rent or to buy.

Director of the clinic for the past two years has been John Storck, who recently resigned to accept a full-time teaching position at TVCC. Plans are for Storck, a psychologist, to continue to do the phychological testing for the clinic. Dr. Joseph T. Burdic, M.D., chief of staff at Holy Rosary Hospital where the clinic is located, is the consulting psychiatrist. Mrs. Winona Robbins has been the secretary, office manger, since the clinic opened its doors in February of 1966.

Malheur County Family Service Clinic provides broad, generalized services including medication control, post hospital follow-up, child guidance, evalutation, marriage counseling, adult psychiatric care, alcohol and drug problems, consultation services, and community education in the field of mental health.

Office hours are from 8:00 to 4:30 Monday through Friday and appointments may be made by calling the office. Referrals are made by physicians, ministers, schools, and other agencies such as the welfare, justice, and health departments or the individuals seeking help may call without going through someone else. Schools and other agencies who refer people work cooperatively with the clinic in the treatment process.

The clinic is governed by a seven member board of directors and the monthly board meetings are also attended by members of the county court and representatives of the various schools and agencies. besides the clinic staff. Financially, the clinic is supported half by state and federal grant funds and half by county tax funds. People are charged for services according to their income and ability to pay and money from fees is deposited in the general county fund.

Report of Hospital Auxiliary Activities

The first meeting of the year for the hospital Auxiliary will be held Monday, September 27 at 2 p.m. in the dining room of the hospital.

All women of the community are invited to attend.
