Canadian, Alaskan mission. A November wedding is planned.

NOTICE

It has been brought to our attention that you must stay with your property when washing at the laundromats. The owners do their best but needless to say they don't have eyes in the back of their heads. Recently a woman who was washing was called to the telephone and upon her return found that all her clothes were missing. This isn't so unusual but it has happened twice in the past year. If the party would please return the clothing to the laundromat no questions will be asked. Clothes aren't something which a person can afford to get overnight, anyone with a large family knows how hard it is to ever have enough school clothes for their children.
