

Angler Access, Winter Elk Range Obtained

Sport fishermen will benefit on the Suslaw North Fork and the Malheur Middle Fork, and wintering elk herds will have priority rights on additional acreage at the base of the Elkhorn Mountains in Baker County as a result of Game Commission action recently approving the purchase of three tracts of property in the respective areas.

Options on the tracts had previously been obtained and the formal approval directed the staff to proceed with the acquisitions.

On the Suslaw North Fork the Commission will pick up the option on 6 acres to provide boat and bank access to 1,200 feet of river frontage. The site is located about 14 miles east of Florence. Lane County has agreed to cooperate in the project and will construct the access road, parking area, and boat ramp.

Acquisition on the Malheur Middle Fork opens up about

7 1/2 miles of river frontage to sport fishermen. Located in Harney County, the tract lies upstream from the Warm Springs Reservoir in a productive portion of this trout stream.

In Baker County, acquisition of the Chandler tract along the North Powder River will add 260 acres to the elk winter range at the base of the Elkhorn Mountains. The tract joins the Sorenson property which the Commission purchased in August. Development of the property is designed to provide a winter range for elk and deer herds which summer in the high mountains and winter at low elevations along the Baker Valley floor. The project is also designed to alleviate agricultural damage when the animals drop off the mountains to winter.

A similar elk and deer winter range project is underway on the Auburn Bench located to the south of the city of Baker.

BIG GAME HEARING SCHEDULED JAN. 7

Outdoorsmen are advised that the Game Commission will hold a public meeting on Friday, January 7, to set opening dates for the 1972 elk, deer and upland game bird seasons. The hearing will be held at the Commission's Portland headquarters, 1634 S.W. Alder and will convene at 10 a.m.

John McKean, state game director, reminded persons interested that only the opening dates of these seasons will be set as biological information on which to base length of seasons, bag limits and other rules will not be available at that time. The director said that general hunting regulations for 1972 will be set in late May or early June for big game and in late July or early August for upland game birds and waterfowl.

The Commission's objective in setting opening dates at the beginning of the year, accord-

ing to McKean, is to provide

hunting with ample time to plan vacations to coincide with the game seasons of their choice.

McKean invited all persons interested to attend. Recommendations may be submitted to the Commission in writing or by oral presentation.

Pickup Caught Windowshopping

This pick-up truck and camper wound up through the big front window and into the showroom of B & M Equipment Company last Thursday noon.

Mrs. Patricia Hiatt stopped in front of the building to pick up her husband for lunch. Apparently the truck was not in neutral when stopped, as it went through a double plate glass window, took out the window casing and some cinder blocks. There was little damage to the pickup and camper, and no injuries were reported.

Nyssa Jr. Varsity

NYSSA-BORAH
The Nyssa juniors played two games last week coming up on the short end both times.
Last Thursday Nyssa tangled with the Borah juniors. Borah took a 34-13 halftime score to keep the Bulldogs out of range. Though the final score was 50-27, the Borah team outscored the Bulldogs by only two points in the second half.
The Bulldog defense greatly improved in the second half allowing Borah to score only two points in the third period. Scoring for the Bulldogs on a cold shooting night was as follows: Wilson, 9; Lewis, 3; Manley, Hopman and Beinal, 2 each; Ross, 8; and Church 1.

Mobile Homes Will Be

Placed On Tax Rolls
In this case, there will be a \$1 trip permit fee in addition to a \$6 registration fee and a \$2 title fee, making a total of \$9.

If, some time after January 1, you buy a mobile home that has an ID plate, the plate will remain on the unit and there will be a \$6 registration fee as well as a \$2 title transfer fee. If the mobile home is being moved to another site, there also would be \$1 trip permit fee.

All applications for registration will contain information on the present and proposed location of the mobile home and DMV will notify the appropriate assessor so that the unit can be placed on the tax rolls.

If you decide to move your mobile home from Oregon to another state, a situation that created some problems under the 1969 mobile home law, you should apply to the Motor Vehicles Division for what is known as a "C" plate. The Division will need proof from the assessor that all taxes have been paid before it can issue the plate. The validating sticker for the plate will expire with the date to which ad valorem taxes have been paid. A fee of \$6 will be charged and the out of state address will be used on the registration card issued by the Division.

Second Annual Kidney Association Project Starts

Oregon's Governor Tom McCall has helped to officially launch the second annual statewide project of the Oregon Restaurant and Beverage Association to hold a one day "Coffee Day" on January 28, by a button sale, to raise money for the Kidney Association of Oregon, to help save the lives of Oregonians suffering from kidney failure.
Governor McCall launched the event by accepting a button while meeting with representatives of ORBA and the Kidney Association. Thousands of bright yellow, red and brown buttons, showing a coffee cup, identification of the Kidney Association of Oregon, ORBA and "A Gift of Life" will be sold for \$1 each at restaurants throughout the state during December and January. Individuals buying and wearing the buttons on January 28 will be able to have free coffee all day at participating restaurants.
Participating with the Governor in launching the campaign were: Alan Maxwell, McMinnville, president of ORBA; Wade McDougall, North Bend, chairman of the ORBA drive; Bob Ladd ORBA coordinator, Portland; and Chuck Foster, executive director of the Kidney Association of Oregon, Portland.
The first annual "Coffee Day" sponsored by ORBA for KAO and held on January 29, 1971 raised more than \$3,000 for KAO.
Money received as a result of the button sale will be donated to the Kidney Association to help its statewide fund drive to raise \$200,000 during 1971-72. The funds will be used by KAO during 1972 to give financial support to 24 patients now on home artificial kidney machines throughout Oregon and to expand the program to add at least one new patient each month next year to the life-saving program.
