

NYSSA PUBLIC LIBRARY - GO PLACES WITH BOOKS

ADULT NON-FICTION
 "Cattle Country Cook Book" - Nancy Strope -- The publishers have had in mind such a book for regional use in the Pacific Northwest. This volume is the result.
 "Twentieth Century Discovery" - Isaac Asimov -- This book tries to give some of the extraordinary changes that have taken place in scientific thought and action since 1900.
 "Science Numbers, And I" - Isaac Asimov -- This volume involves around answers to some very far-out questions on science.
 "The Fall of Rome" - R.A. Lafferty tells it with wit, penetration, incredible knowledge, and a talented eye for characterization and high drama.
 "Who's Who in Show Business" - 1969-71 edition -- The international directory of the entertainment world.
 "The American Transcendentalists" - edited by Perry Miller -- Mr. Miller gives a variety of thought from the prose and poetry of this book.
 "An Invitation to Linguistics" - Mario Pei -- A basic introduction to the science of language.
 "The Complete Poetical Works of Byron" -- This is a Cambridge Edition.
 "Edge of a Continent" - Don Greame Kelley -- This is our land from the Pacific coast from Alaska to Baja.
 "Creative Casting" - Sharr Choate -- This is the first book to cover in one volume all the major methods of casting metal.
 "Getting Justice" - Stephen Gillers -- This book is important because of the wealth of information given on people's rights.
 "Game is good eating!" - John Willard -- Along with good recipes are personality sketches of the contributing gourmets.
 "Latin American Cooking" - Jonathan N. Leonard -- This book has the "melting pot south of the border".

NEW LIFE-SAVING SYSTEM: In first step heart attack victim receives resuscitation (top left). Ambulance personnel with new Aetna Cardio-Alert system (top right) transmit victim's electrocardiogram over two-way radio to hospital, where it's monitored by physician at console (lower right). Ambulance technician uses system to obtain continuing life-saving instructions from doctor during ride to hospital (lower left). Aetna Cardio-Alert was developed at St. Francis Hospital, Hartford, Ct., and is being funded by Aetna Life & Casualty, nation's largest health insurer. It will save an estimated 500 lives in Greater Hartford area and might spare 150,000 annually if adopted nationwide.

Last Minute Fruit Cake

This moist fruit cake is ready to cut in less than a week, though it will age beautifully. Truly elegant, this almost white cake is jeweled with light candied fruits and tangy golden California raisins. Bake it in molds, cake pans, coffee cans. Whatever the shape it's in, Raisin Starlight Fruit Cake will be handsome on the table or wrapped as a gift.

RAISIN STARLIGHT FRUIT CAKE

- | | |
|-----------------------------------|--------------------------------------|
| 1 cup shortening (half butter) | 8 egg whites, stiffly beaten |
| 2 cups sugar | 4 cups California golden raisins |
| 2 teaspoons vanilla | 1 cup candied cherries |
| 1 teaspoon almond extract | 1 cup diced candied pineapple |
| 1/2 teaspoon lemon extract | 1-1/2 cups diced candied orange peel |
| 4 cups sifted flour | 1-1/2 cups diced citron |
| 2 teaspoons baking powder | 1-1/2 cups flaked coconut |
| 1-1/2 teaspoons salt | 1 cup slivered blanched almonds |
| 1/2 cup water | |
| 1/2 cup sherry or pineapple juice | |

Cream shortening, sugar and flavorings together until very light and fluffy. Resift flour with baking powder and salt. Add to creamed mixture alternately with water and sherry. Fold in stiffly beaten egg whites. Fold in remaining ingredients until well blended. Spoon batter into 2 well-greased and floured 1-1/2 to 2-quart molds, filling to within 1/2 inch of top edge. Bake in slow oven (300 degrees F.) for 1-1/2 to 3 hours depending on size of cake. Pick inserted in center of cake will come out clean when cake is baked. Remove baked cakes from oven. Let stand in pans about 20 minutes before turning out on wire racks to cool. When thoroughly cold, wrap in foil and store in cool place to mellow before cutting, at least 3 to 4 days. Makes about 3-1/2 quarts batter.

O, Holy Night
 May the blessings of the night when Christ was born enkindle in your heart a happiness that shines ever brighter throughout all the days to come.

Carl's Building Center

Wish I'd Said THAT Associated Oregon Industries Moves Into New Building

"A treaty of peace is worth exactly the value that one attaches to the character of those who sign it."—N. DeVane Williams, Holmes County (Fla.) Advertiser.

"You can't judge a modern girl by her clothes because there isn't enough evidence."—Berdona Shiley, Party Line, Land O' Lakes (Fla.).

"Even in Grandpa's time there was something to make you sleep. They called it work."—Mayo G. Wood, The Wellington (Ohio) Enterprise.

Oregon's only statewide employer organization -- Associated Oregon Industries -- has relocated its headquarters offices in Salem. Announcement was made this week by Pres. Henry T. Swigert that AOI staff has completed a long-anticipated move from Portland to a new one-story office building at 1149 Court St. N.E., Salem. The move, according to Swigert, climaxes more than four years of study, property acquisition and construction. AOI, he said, is dedicated to the orderly economic development of our state and its staff devotes the largest part of its time working with the State Legislature and various agencies of state government. "It was inevitable," he said, "that AOI headquarters one day had to be as close to the seat of state government as possible." Designed by Payne, Settecase, Smith, AIA architects, and built by Marion Construction Co., both Salem, the new one-story headquarters building is triangular shaped and focuses on the State Capitol Building a block and-a-half west. Its exterior is of Corten weathering steel and solar bronze glass. The building contains 6,250 square feet of ground-level space for offices, meeting and conference facilities. It also has a 500 square-foot basement storage area and more than 9,000 square feet of off-street parking on landscaped grounds. Construction contract was \$251,730 -- funds for which are being pledged by members over and above the organization's normal dues schedule. Total investment, according to Swigert, a vice president of ESCO Corporation, Portland, including property, fixtures, furnishings and debt retirement will exceed \$400,000. AOI traces its beginnings to formation of the Oregon Manufacturer's Association in 1913, which became Columbia Empire Industries in 1936 and merged with Associated Forest Industries in 1958 to become the present 1,400 member organization.

Modern William Tell Shoots a New Line

Linemen of the Ohio Power Company use bow and arrows to aid in replacing the conductors on a distribution line, when the right of way is heavily wooded.

When heavy growth of trees and shrubbery preclude modern methods, the lineman climbs a pole above the trees. He shoots an arrow, rigged to a fishing reel mounted on the bow, over the cross arm on the next pole. The poles are fitted with a pulley arrangement. The fishing line is used to pull a taut, heavier rope which then tugs the conductor into place.

temporarily in the same 2178 SW Main Street location the association has occupied for nearly three years.

THE GREATEST GIFT OF ALL

Greetings

We wish you the greatest joys of the season... a festive holiday in a happy home where family and friends gather to exchange gifts and greetings, to light the fire, trim the tree, bask in the warmth of real affection.

Wed'd like to get to know you.
