Vo-Ed Week To Be

Observed At TVCC

February 13-19 has been designated Vocational Education Week. The Treasure Valley Community College occupational faculty urges all interested citizens to visit their classes between the hours of 8:00 a.m. and 8:00 p.m. during this observance.

Observations and Comments

The weather still remains cold in Nyssa. Can spring be far behind?

We haven't had what could be termed a rough winter, when you read the reports in other areas. However, it has been a long one for this area as we have had snow and icy conditions intermittently since last November also many days of Winter Wonderland with frosty white trees.

Greta Broad had the misfortune of breaking her arm just below the shoulder. The accident occurred last week in Payette when she stepped backward off a curb.

It is nice to see so many persons with Golden Age Cards attending the basketball games.

Ron Chadwick of Prineville, grandson of Mr. and Mrs. Al Chadwick is one of the members on the Crook County basketball team. So guess who was among the spectators when Crook County played Nyssa last Saturday night. However, Al and Eva Chadwick seldom miss supporting our team.

Do you remember when farmers had their beets planted by the end of February? Right now it seems next to impossible.

Wonder why we have the month of February? For being the shortest month in the year it really lasts the longest! Try

and figure that one out if you can.
