CONQUEST OF CANCER MAY DEPEND ON YOUR LETTER

In December, 1971, the President signed the Cancer Act which had been passed unanimously by both the House of Representatives and the Senate. A key feature of this compromise bill was the authorization of funds for cancer research. Fiscal year beginning July 1, 1971 - \$400 million plus \$20 million for services. Fiscal year beginning July 1, 1972 - \$500 million plus \$30 million for services. Fiscal year beginning July 1, 1973 - \$600 million plus \$40 million for services.

These amounts are the minimum needed to get the job done. Unfortunately, the bill was passed too late to affect the appropriation for the fiscal year beginning July 1, 1971. Therefore, the program started with \$83 million less than it needs. We cannot afford anymore reductions!

To obtain funds, TWO bills must be passed, an AUTHORIZATION bill and then an APPROPRIATION bill. It has become a custom in the government for the Office of Management and Budget (OMB) to recommend to the APPROPRIATIONS subcommittees lesser amounts than have been authorized. Perhaps this has merit for some expenditures. But in order to conquer cancer without delay, the full amounts authorized are needed and must be appropriated!

The Office of Management and Budget has asked for an appropriation of only \$430 million for the fiscal year beginning July 1, 1972, a reduction of \$100 million from the amount authorized. This reduction will slow cancer research from the rate planned and will be tragic for many Americans.

Only the President of the United States has the power to order the OMB to request the full appropriation that was authorized. The President will use that power if enough Americans ask him to.

Please send a short letter or telegram to President Nixon at once! Ask him to order the Office of Management and Budget to request the full \$530 million for the cancer program beginning July 1, 1972. Then ask your friends and neighbors to do the same and pass this notice on. The lives you save may include those you love the most!

TIME REMAINS TO RETURN BOOKS FREE

This year, 1972, is International Book Year as well as this week being National Library Week.

Everyone still has time to return books free of any fines until closing time this Saturday. All of the local area, including Ontario, Payette, Vale, New Plymouth, Adrian and Nyssa may return their books at any of these city libraries, including the school and college libraries.

Our local library is celebrating by having new books for both adults and children on display which are available for checking out. Also the "Artist of the Month," Mrs. Alice Laan paintings are still on display at the library.

various wards and branches of the Stake which make up the library staff. The Library will be open regularly to the public beginning Monday, April 24, as follows:

Monday, - 9 a.m. to 5 p.m.
 Tuesday through Friday, 9 a.m. to 9 p.m.
 Saturday, - 1 p.m. to 5 p.m.

ATTEND CHURCH

FAITH LUTHERAN CHURCH NOTES

There will be no Sunday evening Bible Study this week due to a meeting of Blue Mountain Conference pastors and wives at Twin Falls, which Pastor Lewis and family will be attending Sunday evening and Monday.

On April 10 the ladies of Faith Congregation enjoyed an afternoon meeting with Rev. Orlando Hash who is a missionary of the American Lutheran Church to Japan. He showed some excellent slides exposing us to the work of Christian missions in Japan. We were happy to have several guests with us including several ladies from the Methodist Church.

Sunday's schedule has Sunday School at 9:45 a.m. and worship at 11 a.m. All are welcome to Faith Lutheran Church, 5th and Park.

—Pastor William Lewis.

FIRST WARD RELIEF SOCIETY

The First Ward Relief Society will hold their Cultural Refinement Lesson Wednesday, April 26 beginning at 10 a.m. The lesson will be presented by Becky Bates entitled "Into The Hand of A Woman" the objective: To inspire wisdom, courage and self-sacrifice in the decisions we make, in as-much as no decision is so small that its significance can be ignored. There will be a baby sitter.

Pentecostal Church

Sunday School is at 10 a.m. and church services at 11 a.m. Sunday evening services at 7:30 p.m. Wednesday evening services and Bible study at 7:30 p.m. The Pentecostal Church is located at the Corner of 7th and Emison.

Nyssa Students To Attend National Science Symposium

Attending the National Junior Science and Humanities Symposium at Durham, North Carolina April 26-29 will be Stuart Hirai and Gene Cruson, students at Nyssa High School. These students will be joined in Durham by four other students from Oregon. Accompanying the group is Gary Thompson, Nyssa High School science teacher.

The Symposium is sponsored by the U.S. Army Research Office in Durham and includes representatives from all 50 states. Lectures, demonstrations, tours, and discussion groups will be on the agenda of the four day national meeting.

The students received this opportunity by presenting research papers at the Junior Academy of Science meeting at Portland State University in February and later at the Oregon Junior Science and Humanities Symposium at Oregon State University in March. Students were selected on the quality of their research and the delivery of their presentations.

CONSERVATIVE BAPTIST CHURCH

Saturday April 22 - Cache II planning session and breakfast at Caldwell at 7:30 a.m. Sunday April 23 - Sunday School with Bible classes for all ages at 9:45 a.m. Morning service at 11 a.m. Message, "The Gospel of Matthew--Book of the Rejected King." CHRISTIAN CHURCH

Sunday School, classes for all ages, 9:45 a.m. Morning Worship Service, 11 a.m. Sunday evening, CYF, for all Jr. and Sr. High youth, 6:30 p.m. Sunday evening, 5th and 6th grade group, 6:30 p.m. Sunday evening, Bible Study, (Special study now on the Devil) 7:30 p.m. Wednesday, Choir practice, 7 p.m. Wednesday, Bible Study, 8 p.m. --Erdene Johnson, Pastor.

SEVENTH DAY CHRISTIANS

Services every Sabbath, 56 Main Street, Nyssa. Saturday - Sabbath Lesson 10 a.m. Morning Worship 11 a.m. Mid-week service, Tuesday 7:30 p.m. Every one welcome. Lloyd and Bernice Pounds.

Park Avenue Baptist Church

Sunday School for all ages, 10 a.m. Morning Worship, 11 a.m. Sunday Night Service, 8 p.m.

Sunday, the Gideons were guest speakers. They distribute the Holy Bible to Hotels, etc.

Ryan, Patrick and Lee Kilby and Mark Pittz sang a special number at church services Sunday.

We thank Brother Gruel for the spiritual tracts he has supplied our church.

Revival at Park Avenue Baptist Church will start June 11. Revival at Fruitland last week was very successful. --Roy Kilby, Pastor.

OBITUARIES

Samuel Ross Cottrell

Samuel Ross Cottrell, 73, passed away at Brigham City, Utah, Tuesday, April 18, 1972 of natural causes. He was visiting a daughter, Mrs. Barbara Yeager at the time. Services for Mr. Cottrell will be held Saturday, April 22 at 10 a.m. at the Nyssa Ward of the Church of Jesus Christ of Latter-day Saints by Bishop Glen W. Peterson. Interment will be at the Nyssa Cemetery under the direction of Lienkaemper Chapel.

Mr. Cottrell was born September 7, 1898. He lived most of his life in Cody, Wyoming where he was employed at the Ohio Oil Company. After his retirement in 1963, he and his wife moved to Nyssa where they built a home on Columbia Avenue, north of Nyssa. The deceased was active in the LDS Church. He was preceded in death by his wife, Mary Lourene, November 14, 1970.

Survivors include three sons, Capt. Russell Cottrell, Nyssa, presently serving with the U.S. Army in Vietnam; Milford Cottrell, Provo, Utah; Melvin Cottrell, Nyssa; two daughters, Mrs. Barbara Yeager, Brigham City, Utah; Mrs. Iona McDowell, Walla Walla, Wash.; 25 grandchildren and three great-grandchildren.

THANK YOU!

Many, many thanks to all my friends and neighbors for the beautiful flowers, many cards and telephone calls during my recent stay in St. Lukes. Especially to those friends who drove so many miles to spend a few hours with me. --Mrs. Neil Dimmick.

SECOND WARD RELIEF SOCIETY

The Second Ward Relief Society will meet Tuesday, April 25 beginning at 10 a.m. Cultural Refinement lesson, "Into the Hand of a Woman," will be presented by Cleo Williams. Objective: To inspire wisdom, courage and self-sacrifice in the decisions we make, in as-much as no decision is so small that its significance can be ignored. All women are invited to attend and a babysitter will be provided. Same lesson will be given at the second session by LaVin Roberts at 7 p.m.

OUT OF THE PAST

10 YEARS AGO

The second year journalism class under the advisership of Clyde Swisher will be responsible for assisting with publication of next week's issue of the Journal. Editor Brammer and his wife Arlene left early this morning for a visit with relatives in Del Rio Texas and Phoenix, Arizona. Assuming editorial duties will be Don Arai and Pat Wright. Advertising will be under direction of Pam Alexander, Karen Saito and Mary Kay Olsen. Carol Young and Jeanie Seuell will assist Mrs. Erlene Jennings, Journal staff member, in proofreading the paper. Supervision of the total issue will be given by Max Urry, Journal linotypist and compositor.

40 YEARS AGO

Good fortune in the form of free wheat, flour and garden seed has come the way of those in need and short of money, through the efforts of the National Red Cross. Chapters of Malheur County will handle distribution here, J.A. Davenport roll call chairman, told The Journal yesterday. He stated that applications should be made at once as distributions should be made by April 30. Mr. Davenport stated that the free wheat, flour and garden seed is for only those who are in need of same. He suggested that everyone in the community aid by spreading the information around and getting in touch with those who are in need. Wheat for the Red Cross was purchased by the government from the federal farm board cooperative.

20 YEARS AGO

Cpl. Wayne Green, son of Mr. and Mrs. Harry Kingrey landed in San Francisco Monday on the transport General John Pope. Green has been in the combat zone in Korea for the past 10 months and will have a 30 day leave before he reports back to the base.

50 YEARS AGO

A runaway occurred Wednesday which nearly caused a tragedy. Tom Johnson, who resides on the Dean ranch went to town, brought in a load of grain and after unloading went to Mrs. Clinton Webb's after his wife and baby, Mrs. Nick Leuck and two small children and Miss Goldie Leuck, who came to town with him. While arranging his load the tongue dropped down, which frightened the horses. They started to run, dragging the wagon to the Wilson ditch near Mr. DeBoer's residence, where they overturned it, throwing the occupants and load off. They then ran by the Burrough residence to First Street and south to Main, where they turned west and started for home. They were followed by Jess Thompson in his trusty Ford and captured near the Hub Walters ranch. No one was hurt outside the shaking up. Tom was the recipient of a new pair of lines and says he wishes it had been a wagon also.

Man Must Look Forward

In 1915 for the first time it became possible to make a long distance telephone call between New York and San Francisco. When you could get through you paid \$20.70 for a three-minute conversation.

Today you can pick up the telephone in Nyssa and dial the number you want in New York. Your immediate three-minute conversation will cost 70¢ on a weekend, 85¢ any evening, or \$1.35 during week-days.

Just 45 years ago Charles A. Lindbergh became the first man to fly the Atlantic ocean from America to Europe alone. It took him 33 1/2 hours of totally dedicated effort.

Yesterday, if it was a typical day, hundreds of commercial jet aircraft flights carried thousands of people from continent to continent in a few hours of comfortable travel.

Some 14 years ago the Russians launched the first Earth satellite, and a few months later the United States put its first small satellite into orbit.

Today scores of satellites orbit the Earth and eight United States astronauts have walked on the moon and returned with material that will be invaluable to world scientists for years. Apollo 16 is enroute to the moon right now.

A few years ago tropical storms took hundreds -- even thousands -- of lives each year. Today the terror of such storms is reduced immeasurably by much more precise warning provided well in advance by weather satellites.

Recently millions of people around the world had ring-side seats for the 1972 Winter Olympics at Sapporo, Japan, and were absorbed in following the historical visit of the President of the United States to mainland China -- all live and in color. Soon a satellite will be bringing educational TV to millions of people who live in areas of India where no land lines of communication exist.

The list of benefits man has realized from space is almost endless. Today he stands on the threshold of great things not even imagined a few years ago.

At the beginning of 1972 President Nixon said: "... we have seen the potential of satellites for intercontinental communications and worldwide weather forecasting. We are gaining the capability to use satellites as tools in global monitoring and management of natural resources, in agricultural applications, and in pollution control. We can foresee their use in guiding airliners across the oceans and in bringing televised education to wide areas of the world. However, all these possibilities, and countless others with direct and dramatic bearing on human betterment, can never be more than fractionally realized so long as every single trip from Earth to orbit remains a matter of special effort and staggering expense. This is why commitment to the space shuttle program is the right next step for America to take, in moving out from our present beachhead in the sky to achieve a real working presence in space.

Genealogical Library Branch To Hold Open House Saturday

The Genealogical Society of the Church of Jesus Christ of Latter-Day Saints wishes to announce that a branch Genealogical Library has been accredited at Nyssa.

This is a branch of the main Genealogical Library in Salt Lake City, Utah, and as such, is eligible to receive by mail order of patrons from this area most of the more than 800,000 rolls of microfilm of records which have been gathered from all parts of the world. The Nyssa Branch Library now has six microfilm reading machines which will be available to the public free of charge for use in reading the film.

The Nyssa Genealogical Branch Library will be operated and managed by the Nyssa Stake of the Church of Jesus Christ of Latter-Day Saints.

The public is invited to an open house reception for the new library facilities this Saturday, April 22, from 3 p.m. to 8 p.m. at the Stake Center on Alberta Avenue, Nyssa. Everyone is invited to come and view the new research facilities. There will be research material displays, free pamphlets, and a free movie every hour. The movie is entitled "For the Strength of the Hills." This is on The Granite Mt. Vaults, and is 23 minutes long.

Dehlin A. Erickson is chairman of the Genealogical Library board; Ann Kane, branch librarian; Gertrude Reynolds, assistant librarian in charge of technical services; and Helen L. Peterson, assistant librarian in charge of patron services. There are approximately 60 volunteer workers called from
