### Malheur Memorial Hospital

With the observance of National Hospital Week starting Sunday, May 7, it seems fitting to reflect on the importance that our hospital has on this community and area. Malheur Memorial Hospital was built with contributions and hard work by the citizens of this community, and later the nursing home wing and improvements were financed by a bond issue. It has relied on a small levy over the years to supplement its operating expense. After many years of operation it is taken for granted, but it also has become a part of the lives of each resident of this area. New babies, surgery, illness and recovery, life and death; it has touched each of us in some manner. Through the years our hospital has been constantly improved with new equipment, new techniques, new facilities; and board members and administration have wisely taken the necessary steps to keep it accredited and up to date. Sunday Malheur Memorial Hospital plans an open house, and this is an excellent chance to see some of the new equipment and some of the areas not usually accessible to most of us. Candy Strippers will conduct guided tours from 1:30 to 3:30 Sunday afternoon, and we would urge those of you who can to attend and bring your children too. Our attention is called this week also to the new recovery room, just completed and purchased in part from proceeds of the Frank Parr Memorial Fund. This important facility joins the Dr. J. J. Sarazin Medical Library, the room provided from the Warren and Wilda Farmer Memorial, and other memorials throughout the years which have provided needed hospital facilities. One of the greatest assets of a hospital in the community is the fact that it attracts doctors. Nyssa is most fortunate in having six doctors of medicine in practice. Too many of our small cities are without doctors, and it is only natural that most of them desire to locate and practice where hospital facilities are available. Doctors from other communities also refer their patients to our hospital and use the operating room for surgery. Only in the most specialized cases do doctors have to send their patients to larger or more technically equipped hospitals. And the greatest asset of all is that the patient is administered to, nursed by, and cared for by our friends and neighbors. This is a plus factor that can't be beat anywhere. Malheur Memorial Hospital, as well as all of the other 7,000 hospitals in the United States, is faced with increasingly higher costs and greater financial difficulties each year. The only way that we as citizens and taxpayers of this community can assure the continued financial solvency of our hospital is to use it when we need it. So as National Hospital Week is observed, take a little time to reflect on how fortunate we are to have Malheur Memorial Hospital. Give a word of thanks to members of the hospital auxiliary, the Candy Strippers, and others who give their time and efforts to assure continued success of our hospital. And for goodness sakes, don't go out of town when you need the services that our hospital is so adequately equipped to provide.

### 10 YEARS AGO

Miss Emma A. Zwenke, well known Nyssa teacher, has retired after 38 years devoted teaching of first grade children.

Miss Zwenke has started approximately 1150 children on their school careers. The Nyssa Education Association will place her name on the plaque which commemorates Nyssa's retired teachers.

Miss Zwenke will be at home in Fort Collins, Colorado

With temperatures going as low as 20 degrees in some nearby areas, considerable damage was done to the fruit crops, with 75% reported in unprotected orchards and more low temperatures predicted later. Minor damage to sugar beets and little, if any, to potatoes was reported.

### 20 YEARS AGO

By Mrs. Lyman Pomeroy Mrs. Ida (John) Ward and her brother-in-law, William Ward of Prairie City, were honored at a two day open house party at the home of Mrs. Ward Saturday and Sunday.

Mrs. Ward celebrated her 85th birthday, while William Ward celebrated his 86th birthday.

Arriving for the double celebration were William Ward, wife Rhua, grandsons Eddie and Jerry Ward; his two daughters, Mr. and Mrs. Lloyd Billings and Mr. and Mrs. John Markie; daughter-in law, Mrs. Vera Ward.

Present were Mrs. Ida Ward's sons, Mr. and Mrs. Earl Ward, Mr. and Mrs. Frank Ward; Mr. and Mrs. Audrey Ward, Bannie and Johnny; a daughter, Mr. and Mrs. Bill Coleman, June and Shirley; nieces, Mrs. Bessie Nedry and Miss Eva Boydell; nephew, Mr. and Mrs. Arthur Boydell; nephew-in-law, Dr. J. Mrs. Ward, the former Ida Neathery, came to this country in 1885 at the age of 18. Her parents, who settled in Ontario, which was really a thriving frontier town, owned and operated one of the first hotels in Ontario, known as "The Neathery."

John Ward was among the first of the settlers who started the old Owyhee ditch and who took three pack strings out, actually beginning construction work on the old Owyhee ditch. William Ward, came here in 1886 from Canada and had mining interests besides his stock raising.

### 30 YEARS AGO

The absence of sufficient beat thiners to handle the crop in this section was described at a Chamber of Commerce meeting Wednesday noon as critical.

R.G. Whitaker of the Amalgamated Sugar Company said the situation is critical. Because of the lateness of the season the beets are expected to "come on" all at once next week.

A total of 1579 persons filed applications for sugar rationing books during the first two days of registration in the grade school building.

Of this number 1531 persons received war ration book No. 1. The other persons were not given books because of having too much sugar at the present time. However, they will receive their books later.

### 40 YEARS AGO

The get-together meeting and banquet was held at the high school building Wednesday evening and was attended by nearly all the business men in Nyssa,

as well as a number of farmers. The meeting "passed off quietly" and the utmost harmony and good will prevailed.

At the conclusion of the talk the chairman was authorized to appoint a committee of seven to consider plans for improving moral conditions in our community and to appoint a time

and place for a meeting at which they will be considered.

A rising vote of thanks was given the visitors from Parma for their presence and helpful talks.

### 50 YEARS AGO

A class of twenty-nine students, 15 boys and 14 girls, will graduate from Nyssa High School this spring. They will receive their diplomas at the completion of four years of high school work at commencement exercises set for Thursday night, May 19, at the Liberty Theatre.

Dust flew at the Nyssa-Parma golf course last Friday as it was ladies' day. Eight Nyssa fans were guests of eight Parma ladies, who entertained them at luncheon at the home of Mrs. R.H. Young. Then the sixteen diggers of the green made up foursomes and played nine holes of golf. Mrs. Glen Frizzwell of Nyssa made the low score of the day 64. Mrs. Estes Morton of Nyssa was next with 65. After golfing, "Pat" the keeper of the course, treated the party with cold drinks.

**RE-ELECT ELLIS A. WHITE**  
**AS YOUR COUNTY JUDGE**  
*Serving You For The Best Interest Of Malheur County*

The re-election of Ellis White as Malheur County Judge will continue to provide the needed county-wide representation and maintain the balance of rural-urban membership on the county court which is essential for citizen interest, support and participation in County Government.

Prior to becoming county judge, Ellis White disposed of all business interests to avoid possible conflict of interest and to give full time to the job. He has given complete dedication to Malheur County.

Ellis White has a constructive and realistic approach to the administration of county government and the related problems of taxation.

(example)

The 24 percent of privately owned land, along with personal property taxes, pays an inequitable and burdensome share of taxes. It will continue to do so until the 4.6 million acres of the tax-free Federally owned land (which makes up about 75 percent of the Malheur County land area) pays in shared revenue or in-lieu taxes, equal to what the land would pay, were it in private ownership.

Ellis White has spent many hours and days, outside of regular office hours, working with others at local, state and federal level, for equitable payments to counties; this is an effort to provide compensation for the tax-immune lands.

On April 25, Congressman Al Ullman notified Malheur County Judge Ellis White that House Bill 14,370 entitled "State and Local Fiscal Act of 1972" had passed the Ways and Means committee (of which Ullman is second ranking member) and that the estimated income under the bill to Malheur County following passage by the House and Senate, would be \$600,000, retroactive to Jan. 1, 1972. This would be divided equally among the county and incorporated cities.

Basic "In Lieu" tax bills providing further income to Malheur County have been drafted and passed by Congressional sub-committees.

Incumbent Malheur County Judge Ellis White is giving full-time dedication to Malheur County. Your support and vote for his re-election will be appreciated.
