The American's Creed

The American's Creed was written in 1918 by William Tyler Page, as the winning nationwide contest entry. The then Mayor of Baltimore, James H. Preston, donated the \$1,000 award.

"I believe in the United States of America as a Government of the people, by the people, for the people; whose just powers are derived from the consent of the governed; a democracy in a republic; a sovereign Nation of many sovereign States; a perfect union, one and inseparable, established upon those principles of freedom, equality, justice and humanity for which American patriots sacrificed their lives and fortunes. I therefore believe it is my duty to my country to love it; to support its Constitution; to obey its laws; to respect its flag; and to defend it against all enemies."
