

Snake River Bridge Accident

This car ended up at right angles on the Snake River bridge at Nyssa Sunday afternoon, with considerable damage to car, driver and bridge. One-way traffic was necessary until Red Waggoner could tow the wreck off the bridge.

Armando Ruiz, 19, was cited by Oregon State Police for failure to maintain control of a vehicle in the one car accident. He was hospitalized for shoulder and neck injuries.

Savings Bonds Sales Increase

Oregon sales of Series E and H United States Savings Bonds in the month of April were \$4,924,596, an increase of \$919,419 over April of 1971. This is the fourth consecutive month that Oregon's purchases have exceeded the sales of the like month in the Award Winning Year of 1971, stated Thomas S. Prideaux, State Savings Bonds Chairman. Prideaux feels the stimulated interest in Savings Bonds may be attributed to the public's awareness of the 5 1/2 percent interest rate plus the splendid cooperation of Oregon industries in promoting Payroll Savings plans in their companies.

The April sales of \$4,924,596 boosted Oregon sales for the first four months to \$17,166,405, representing 43 percent of the state's annual goal. Nationally, the picture is equally as attractive. April bond sales exceeded one-half billion dollars for the fourth consecutive month; sales for the first four months of 1972 came to \$2.142 billion -- 17 percent above 1971.

The cash value of bonds rose \$274 million in April, bringing holdings in excess of \$55.9 billion -- an all-time high for the Program.

a word to the wives...

It is possible that your "cavewomen" ancestors were more comfortable in the summertime than you are! Caves have a way of staying cool naturally. But not today's houses! Cheer up. Help is here. Why not have us install clean, quiet Lennox central air conditioning? The "man of the cave" will love it, too. ...Who knows? He may drag you off to some exotic place for dinner.
