POLICIES CLARIFIED. While buying life insurance is an important decision for many families, policies are sometimes difficult to read and understand. Help, however is on the way. Representatives of life insurance associations and life insurance companies are working with the Office of Consumer Affairs to develop more and better consumer information about insurance policies. They are also considering ways to make information available to the consumer so he can use it in making his own decisions about purchasing life insurance.

Buddy Program

The Navy's done it again! As with many other things, it's out with the old and in with the new! This time the "Buddy Program."

It used to be that "Buddies" stayed together through recruit training, then separated. Now they stay together and go to the same ship or station to work together after recruit training. All of this guaranteed in writing too! Navy Recruiter BMC

The local Navy Recruiter, BMC Max Chavez, U. S. Navy, said, "people interested could see him or call 889-8384, to get the whole picture."

BCN Larry Wilson, son of Mrs. Dorothy Wilson, arrived home last week for a 27-day leave from the U. S. Construction Battalion Base, Port Hueneme, California.

Upon completion of his leave, Larry will be stationed at Puerto Rico for eight months, where his CB Unit will be engaged in port and base repairs.

Enroute to Nyssa he visited with Dan Greig and Dan Marostica, who are in the Navy stationed near San Francisco; and visited his aunt and uncle, Mr. and Mrs. Henry Sherrill in Merrill, Oregon.

Manuel Defuentes

Joins U.S. Navy

Desiring to "go places and do things," Manuel Moreno Defuentes, son of Mr. and Mrs. Manuel Defuentes, Nyssa, recently enlisted in the U. S. Navy and is presently undergoing basic training at the Naval Training Center in San Diego, California. Taking advantage of a recent added incentive, Manuel is being accompanied through training with another local youth, Eloy Diaz, who was recently reported in the Journal. The incentive is known as the "Buddy Program" whereby home town groups are allowed to remain together throughout training. Following their graduation and a fourteen day leave period, both men will then report to their duty stations. It is expected that soon the "Buddy Program" will be extended to allow "Buddies" to remain together throughout their tours of duty.
