Who says all
weed-n-feeds
for
your lawn
are alike?

This one's really different!

It's PLUS-2 for grass, Scotts combination fer-
tilizer and weed control for western lawns.
PLUS-2 clears out 23 common lawn weeds at
the same time it power-feeds your good grass.
It's a high nitrogen feeding (1.8 lbs of nitro-
gen per 1,000 sq ft), the kind that western
lawns really need — compare it with other
brands.

The feeding in PLUS-2 is long-lasting too, be-
cause of Scotts patented Polyform process.
So your lawn stays green longer, without the
surge growth that causes extra mowing.
