the SONG "AMERICA" WAS WRITTEN BY A MINISTER (BAPTIST) IN 30 MINUTES

Napoleon's parents were Italian, not French.

**The Old Timer**

"The one thing you can get for a quarter is a protest from your youngsters that it isn't enough."

INTERNATIONAL . . . From Funny Funny World

A KOREAN College archeological team excavated a housing site believed to be about 20,000 years old near Kongju, 70 miles south of Seoul, according to the newspaper, "Sinmun." (That's the easy part--now, to see if we can get the landlord to paint!)

MUGGING NEWS from all over: Wajir, Kenya: A government official in this arid district where lions have devoured at least 30 persons this year say the best way to avoid such a fate is to quit wandering around outside at night.

IN ST. IVES, England, argument continues as to whether the town ought to change the name of that historic street, Pig Lane, now that a police station has been opened on it. No decision yet. (L.M. Boyd, Sacramento Bee)

IN CHILE, they compare President Salvador Allende to a brasserie. He depresses the opulent, uplifts the fallen and deceives the unwary.

LOVE AND MARRIAGE . . . From Funny Funny World

"I WAS MARRIED twice," explained the man to a new-found companion. "And I'll never marry again. My first wife died after eating poisoned mushrooms and my second died of a fractured skull." "That's a shame," offered the friend. "How did that happen?" "She wouldn't eat her mushrooms." (Focus, Waimate, New Zealand)

CANBERRA: Mr. and Mrs. E.R. Williams haven't spoken to each other for 37 years--though they still live together. They communicate by chalking messages on a slate. (And they say marriage can't work!)

THE REASON EVE could tempt Adam with an apple was that there weren't any peaches around.

A CALIFORNIA divorce court granted Mrs. Hortense Byrell her freedom after hearing that her husband forced her to cut cards to decide whether she slept with him or on the couch while he tucked up between the sheets with their 20-year-old au-pair girl. (Toronto Globe and Mail, Canada)

## THE LAND AROUND US... by THOMPSON

**THE RAT IS MAN'S MOST DANGEROUS ENEMY--** SCIENTISTS ESTIMATE THE DISEASES THAT RATS CARRY TO HUMANS HAVE CAUSED MORE DEATH THAN ALL WARS COMBINED. IN ADDITION TO TRANSMITTING SUCH DISEASES AS TYPHUS AND BUBONIC PLAGUE, RATS DESTROY FOODSTUFFS EACH YEAR, EQUALING THE TOTAL PRODUCTION OF 100,000 AVERAGE FARMS!

**A SINGLE RAT CAN CARRY UP TO 10,000 LICE--** PLUS FLEAS AND MITES. RATS HAVE BEEN KNOWN TO CHAW AT FURNITURE, EAT THROUGH THE INSULATION IN ELECTRICAL WIRING--CAUSING FIRES--EVEN TO BITE SLEEPING PEOPLE.

**IN RECENT YEARS, CHEMICAL WEAPONS AGAINST RATS** THAT ARE COMPLETELY SAFE AND EFFECTIVE HAVE BEEN DEVELOPED AND PUT ON THE MARKET. THIS IS JUST ONE OF THE DEVELOPMENTS IN CHEMICAL PESTICIDES THAT ARE HELPING TO PROTECT MANKIND AGAINST THE SCOURGE OF PESTS OF ALL TYPES.

Pigs are more intelligent than cows, sheep, horses, and some dogs.

**The Old Timer**

"Driving is a lot like baseball--it's the number of times you get home safely that counts."

Cicadas sleep underground for 17 years.
