### Only the Newspaper

"All I know is what I read in the papers." Will Rogers said it. The great humorist penned a bit of wisdom with exaggeration. Everything you know may not come from newspapers, but it's a good place to start. It's the full information medium.

The water used by 90 percent of the population in the developing world is either unsafe or inadequate, or both. UNICEF projects help provide abundant, unpolluted water supplies.

With UNICEF's help, the death rate from malaria among children has been lowered from 3.5 million in the 1950's to less than one million last year.
