### 4-H Week Oct. 1-7

Surveys have shown that young people are more generously committed to helping their fellow man, than any other generation in history. In large numbers, young people are helping to clean up the environment, improving health care and safety habits, working with underprivileged families and creating new methods and techniques for solving problems.

Young people want to be involved in making decisions that affect their lives. They want to be able to play an important role in making this country a better place in which to live. 4-H gives young people that opportunity -- to help solve the problems of today -- to make the best better.

During 1972 National 4-H Week, October 1-7, five million boys and girls, ages 9 to 19 will reaffirm the principles 4-H has stood for and they'll look to see where 4-H is headed in the future.

That future includes a commitment to human betterment, expansion of 4-H into urban areas, more work with underprivileged families and continued growth for America's largest youth organization.

The theme of National 4-H Week, "A New Day -- A New Way," encourages 4-H'ers, their leaders and friends of 4-H to strive even harder to make the 4-H program relate to the needs of young people today.

We know that interest in 4-H has broadened in recent years. Individuals, corporations, civic organizations and foundations do their share to help 4-H, through their support of local, state, national and international 4-H programs. Their financial and technical support, and their incentives and scholarships to 4-H'ers, have helped to make 4-H grow to even greater heights. And behind them all are 30 million 4-H alumni, whose experience and expertise gives young people a model after which to pattern their 4-H work.

We salute the success of the 4-H organization as it celebrates 1972 National 4-H Week.

We encourage 4-H to continue to expand, and continue to serve the needs of all American youth.

### National Newspaper Week

Another week that we think is important is National Newspaper Week, being observed this year the week of October 8 to 14. It is the one time during the year when more than 9,000 weekly and daily newspapers of the nation join hands, as a group, and make a concerted effort to promote a better understanding of newspapers and the vital role they play in preserving the great American way of life.

Anyone who reflects on the role of newspapers in today's society is reminded anew how wise were those men who wrote into the First Amendment to the U.S. Constitution the guarantee of a free press.

Thomas Jefferson once said he would prefer to live in a country with newspapers but without a government rather than a country with a government but no newspapers.

"No experiment can be more interesting than what we are now trying," he wrote on another occasion, "and which we trust will end in establishing the fact that man may be governed by reason and truth. Our first object, therefore, should be to leave open to him all the avenues of truth."

"How do you go about giving the citizen a clear shot down the avenue of truth?"

"The most effectual method hitherto found," Jefferson said, "is freedom of the press." It still is.

This National Newspaper Week is not primarily set aside for newspapers to indulge in self-praise, but it is a time to remind readers of the fact that growth in this free nation goes hand in hand with growth in its free press.

And in this week, as we have in past years, we would remind readers of the Journal that we are starting our fourth year as your publisher. It is a good time to re-examine our goals, our accomplishments, and our trust as the custodian these past three years of your hometown newspaper.

We sincerely hope that we can continue to do our share, along with all of you, in making this town, this valley, this state and this nation a better place in which to work, play and live.

### SUPERINTENDENT'S CORNER

By W.L. McPartland

One of the finest additions to the Nyssa Schools is our Elementary Library. The library facilities at the Elementary School for years, consisted of individual room collections from the Malheur County Library. Our district paid \$1800 a year, from which new books were bought in our school name, and also repairs for existing collections. Two classrooms had been put together planning an Elementary Library, but at the time the Administration had planned to develop the library over a long term with budget money.

In 1966, Nyssa received the first funds from Title I under the Elementary Secondary Education Act 89-10. The guidelines were such that most of the original allotment was used to furnish shelves, tables, chairs, counters and books for the new library.

The library has become a center of much learning. Children are doing a great deal more research and developing skills that will carry on throughout their school experience and into adult life.

The Library now has over 16,000 books selected from the very best sources. The daily

use or circulation is about 250 books a day. Last year's circulation was 35,489.

In addition to books are film strips, study prints, specimens, kits, tapes, transparencies and records.

The school is justly proud of one of the finest Elementary libraries in our area. Title I made possible a library in one year's time that had been originally projected as a ten-year project.

Every child benefits because of the variety and excellence of the collections that are available for students, teachers and classroom use.

### 10 YEARS AGO

William "Bill" Russell, prominent rancher and acting postmaster at Nyssa, died suddenly of a heart attack Tuesday night.

Charlie Zinn and his hunting party consisting of him and his wife, Peg, and Mr. and Mrs. Jim Peters of Ontario brought a big buck back to Nyssa. Zinn says he has hunted for 12 years in Oregon and this is the biggest "Beaver State" deer ever brought back by one of his hunting parties. The animal was bagged Sunday on Lookout Mountain.

Bob Church and Connie Jo Holcomb are the first to receive honors this year for their efforts as members of the school safety patrol. Bob's parents are Mr. and Mrs. Jack Church. Connie Jo is the daughter of Mr. and Mrs. Duane Holcomb.

### 20 YEARS AGO

A survey of mosquito problems in Nyssa and the immediate area surrounding the city by three members of the Oregon State Board of Health on Sept. 3 and 4 resulted in findings of mosquito breeding areas and recommendations for better control.

The survey was the result of a request made by County Health Officer Dr. L.A. Maulding following at least one polio case that was listed as "symptomatically suggestive to equine encephalomyelitis." The disease is listed as a virus disease of horses and is communicable to man by the Aedes mosquito.

Six more polio cases have been admitted to the Malheur Memorial Hospital during the past week to bring total admissions during the current epidemic to 44.

### 30 YEARS AGO

The Nyssa Chamber of Commerce voted at its weekly luncheon in Brownie's Cafe Wednesday noon to give its full support to the Nyssa scrap harvest which will be held October 13.

Every merchant will be asked to close his place of business for the day and proprietors and their employees will be asked to help gather the scrap metal.

The committee appointed at chamber meeting decided that the money should go equally to

the USO, the army and navy relief and the Red Cross. Members of the committee are A. Chadwick, J.B. Glezentanner and Grant Rinehart. Leno Christensen is in charge of the collection of all salvage material in Nyssa.

The Nyssa chapter of the FFA has been collecting the scrap, but business men feel that the entire community should give the campaign support because of the importance of the undertaking.

### 40 YEARS AGO

Miss Theora Langton and Herbert Hoxie, both of Nyssa were the principals of a wedding ceremony solemnized Saturday in Colfax, Wash., with Mr. and Mrs. Don Todd in attendance. The two couples plan to spend a month or a few weeks at the mountain camp of Todd's father near Colville, Wash. The bride is the daughter of Mr. and Mrs. James Langton of this city and Hoxie is one of the twin sons of Mr. and Mrs. W.B. Hoxie, pioneers of this community. He has been operating a garage here and for several years has been a member of the Nyssa baseball team. He graduated from Nyssa High School several years ago.

Susie, aged 13 years, rugged old Airdale dog who is said to have held the honor of being the oldest mongrel in Nyssa, died of old age Saturday. Throughout her lifetime, she was a member of the J. Boydell family and was buried in the Boydell yard.

### 50 YEARS AGO

The first real rain storm the Malheur River Valley has had for several months occurred on Wednesday night. It thoroughly wet down the ground and was worth a good many dollars, particularly to stockmen who are looking for a little fall feed yet.

A boost for the big community supper and bazaar is a boost for a local gymnasium. Everybody is working for the big community supper and bazaar. What are you doing? The big event of the season will be the community supper and bazaar Halloween night. Boost for it.

### UNITED METHODIST CHURCH NOTES

#### THIS I BELIEVE

by Rev. Bob Hutchinson

This I believe, I believe in the Jesus Revolution. In the spring of 1970, the whole nation experienced student strikes. May of 1970, Kent State became a campus under fire. The National Guard fired upon the students and thirteen seconds later the Kent State Four were dead. After Kent State, hatred filled our land. Bitterness, the Spring of 1970 infected everyone. It seemed that all of America was an armed camp. The battle lines had been drawn. We braced ourselves for a long hot summer of riots in the streets and a bloodbath on every college campus in the fall. But the riots and bloodbath didn't happen for the student revolution collapsed during the summer of 1970. A more powerful revolutionist than Stokely Carmichael, Jerry Rubin, The Chicago Seven or Malcolm X had arrived on the scene. During the summer of 1970, the student revolutionist discovered Jesus Christ. The Revolutionist and the Jesus Revolution was on its way. The decade of the 60's was the decade of the student revolution but the decade of the 70's is the Decade of the Jesus Revolution. The Jesus Revolution is literally happening around the world today. Look behind the Iron Curtain and you see the Jesus Revolution overthrowing the Boshevist Revolution. Look behind the Bamboo Curtain and you see the Sayings of Christ overthrowing the sayings of Mao, look behind the Sugar Cane Curtain and you hear Christian young people singing of Jesus Christ while harvesting sugar cane on Castro's faltering communist communes. From the Black Sea to the Adriatic, from Japan to the sea coast of France, from Egypt to the Cape of South Africa, from the southern tip of South America to the Carribean, across North America to the inlands of the Sea, this is the Decade of the Jesus Revolution. Young people are singing His songs, buying His Book, memorizing His Sayings, applying His principles to their lives and being changed by Him. Christ began this revolution in AD 30 but it appears to many of us that He will finish it in the Decade of the 70's for He is doing a quick work and He is doing it through young people who have "turned on" to Jesus Christ. This I believe, I believe in the Jesus Revolution.

Next Sunday morning, October 8 at the 11:00 a.m. Worship Service, the Rev. Bob's sermon title will be, "This I Believe, I Believe in the Jesus Revolution."

### FAITH LUTHERANS PLAN 25th ANNIVERSARY YEAR

Faith Lutheran Church, Fifth and Park, will be celebrating its 25th Anniversary Year on October 29 with some special services which we want the community to be aware of, so that you might join us in this celebration. We could have congregational activities that would only be for us, but our church council and others in planning this celebration, thought it would be good to invite the community to join us. So please reserve especially Sunday, October 29, 7:30 p.m., for a concert by the Sonfolk, a Christian singing ensemble (six in the group, three girls and three young men) from Concordia College, Moorhead, Minnesota. This group will be on a singing tour throughout the Western United States, and they may appear on a local Boise television program. The Sonfolk have a message to share about Jesus Christ, and we hope you will join us for an evening of song. The concert will be held in the cafeteria-auditorium of the Nyssa High School. There will be no admission charge, but a free-will offering will be given to the Sonfolk to help them in their expense on this tour. You'll be hearing more about the Sonfolk as the time of the concert approaches.
