ELECT

**Robert
Pierce**

**Democrat
County Assessor**

Oregon law makes the Assessor directly responsible to the voters. He administers the assessment program in close and direct cooperation with the County Court, Sheriff's Office (Tax Collector), Clerks Office, Board of Review, Board of Equalization and the State Department of Revenue. Cooperation must also include the many budgeting entities in the county who have the authority to obligate private property to produce the money needed to operate the schools and governmental functions of the county. Owners of this property are equally deserving and should receive full consideration and cooperation from the Assessor.

When properly understood and administered, the functions of this office can be fully accountable to the public giving you more control and better government at less cost. It makes sense to elect an assessor long on practical knowledge and experience and demand of him a high standard of performance and full responsibility for his staff including the hiring and firing of appraisers.
