

SUPERINTENDENT'S CORNER

By W.L. McPartland

An average of 938 meals a day were served at the Nyssa School Cafeteria the first three months of the year. The average daily attendance was 1133--this represents over 80% of the students eating their meals at school.

Under the Federal regulations, each family was sent a form to fill out for free meals. The parents were asked to verify their income on the application. The principals check and okay these forms. At the present time 40% of the children at Nyssa are receiving free meals.

Nyssa is fortunate that our schools are located on one campus. This makes it possible for one cafeteria to feed all the children from one kitchen. Meals for Elementary students are 25¢, Jr. High and High School 30¢, and 35¢ for adults.

W.O. Petersons Visit California

Mr. and Mrs. W. O. Peterson spent the Christmas holidays in California, visiting with their two daughters, Angela Long in Los Altos and Elaine Anderson in San Jose. Dr. and Mrs. W. L. Gifford (Adrienne) motored from Page, Arizona to San Jose to join the group. Some pleasant hours were spent at the beach at Monterey, and one evening the four couples dined at the elite restaurant in the Old Town Los Gatos Plaza. It seemed almost incredible to step out from the veranda and pick ripe oranges from Frank and Elaine's tree and then in a couple hours be up in the snow-clad Sierras. The Petersons and the three daughters visited a childhood friend in Los Altos, who is the originator of the "Bumble Berry Pie Shops" on the Coast.

Kingman Kolony

BY DALE WITT
PHONE 372-2183

KINGMAN KOLONNY - Mr. and Mrs. Carl Piercy were New Years eve guests of Mr. and Mrs. Dick Krieger.

Mr. and Mrs. Carl Piercy were New Years dinner guests of Mr. and Mrs. Theron Piercy in Nyssa.

Mr. and Mrs. Carl Begeman were New Years dinner guests of Mr. and Mrs. W. C. Van DeWater and son Kent in Big Bend.

Mr. and Mrs. Jim Phifer were New Years eve dinner guests of their daughter and husband, Mr. and Mrs. Jerry Freitag in Nyssa.

Mr. and Mrs. Jim Phifer and Mr. and Mrs. Kenneth Price and family were New Years evening dinner guests of Mr. and Mrs. Carl Lee Hill and family.

Ethel Lay, Frances Kratsburgh and Edith Heiser visited Mr. and Mrs. Ed Nedrow Monday evening.

Mr. and Mrs. Frank Rhodes and family were New Years dinner guests of her parents, Mr. and Mrs. Paul Gehrke. Elizabeth, Jeffery and Frankie Rhodes spent several days last week with their grandparents, Mr. and Mrs. Paul Gehrke.

Weekend guests in the Willis Conant home were Sherri and Teresa Stacy and Lonnie and Morrie Lewis all of Apple Valley. Their parents came for them Sunday.

Sunday dinner guests in the Willis Conant home were Mr. and Mrs. Mitch Anderson and boys, Vale, Mr. and Mrs. Bill Conant and family, and Mr. and Mrs. Jim Conant and Janet.

Mr. and Mrs. L. E. Stevens of Blackfoot and Mrs. Emma Thompson of Emmett visited Mr. and Mrs. Al Thompson, Monday afternoon.

Otis Bullard and Clyde Long of Nyssa and Mr. and Mrs. Phillip Davis of Huntington Beach, California visited Mr. and Mrs. Al Thompson, Saturday, December 30th.

Monday guests in the Al Thompson home were Mrs. Anna Long and Mrs. Mable Piercy, Adrian and Mr. and Mrs. Kias Laan.

Mr. and Mrs. Earl Campbell had a New Years dinner for their family at their home.

Mrs. Alzina Salter spent Christmas with relatives in Utah and New Years day, she was a guest of her daughter, Mr. and Mrs. Eddie Sharp and family in Notus.

Mrs. Alzina Salter received word from her son, Staff Sgt. Keith Salter, that he was sent to Viet Nam in December.

Mrs. Bill Toomb returned home by bus, Wednesday evening from a trip to Clarkston and Culesac where she spent Christmas and New Years with relatives. The roads were good coming back.

Mr. and Mrs. Don Fox spent Christmas eve and Christmas day with their daughter, Mr.

The Cafeteria cooks, under the direction of Sadie Butcher, do a tremendous job. The meals are good and well balanced. The kitchen now has a new oven and steam kettle that makes the cooking easier and more efficient.

The new tables in the eating area have attached seats which eliminates the noise and confusion and is conducive to a more pleasant and quiet atmosphere. The tables are attractive and constructed in such a unique way that the lunchroom is much easier to clean.

We would like to invite all parents to come to the Nyssa School Cafeteria and eat with their children. I think you will be pleasantly surprised.

APPLE VALLEY

BY FRANCES SMALLEY

APPLE VALLEY - Mrs. Lucille Reed and Mrs. Alene Melvedt visited Mrs. Nell Correll Tuesday afternoon.

Mrs. Olsen visited Mrs. Correll Monday afternoon.

Mr. and Mrs. Jim Edens and family moved December 29 to Glenn's Ferry where he has employment with Simplot Co. Soilbuilders.

Mr. and Mrs. Gerald Osborn and family, Big Bend were New Years dinner guests of Mr. and Mrs. Myron Osborn and family.

Christmas Day, Mr. and Mrs. Bruce Campbell drove Mr. and Mrs. Steve Krieger to the hospital in Caldwell where Mrs. Krieger had her baby.

Dress "In" For Spring Fashions

Fashion goes upbeat instead of offbeat for the new season. The term the designers now use for the leveling off of kooky looks and the dominance of the pretty and conservative is "the new serenity."

Add it all up, the designers say, and you get the most feminine clothes offered women in years.

As you start assembling a spring wardrobe, look for skirts that show some leg but are "ladylike" (about covering the knee). There are plenty of pants around but the big news is the DRESS.

"Light, airy fabrics, crisp linens, neat prints, crystal clear colors and shapes...all spell out the new serenity and poise in fashion." That's the way the New York Couture Business Council puts it in its summary of trends for spring.

The council this week is holding its 60th semi-annual "Press Week", showings of the new collections for visiting reporters who'll see every facet of ready-to-wear from coats and suits to hats and jewelry.

Part of the "new serenity" lies in the fact that clothes "move" --all kinds of pleats, pants with wider legs, soft materials, tops with bloused fullness.

The drawstring waist, rediscovered, gathers clothes softly to the body. Waistlines are natural again in most collections, although a few new chemise and tent shapes are to be watched. The shirt look is everywhere.

The shirtdress, a perennial, springs up again in crepe de chine, jersey, silk, and blends. The shape is softer with fuller sleeves, bloused tops, pleated skirts.

The boom in tennis as an active sport spills over into the tennis dress look for the street, the beach, and into hats. The result: lots of white with some red or navy trim.

Back comes the sleeveless dress with accompanying jacket, either matching for a suit effect, or contrasting with bright stripes, geometrics or other strong patterns.

The short, bare evening dress is the order, in halter or slip-like shapes, fabrics like chiffon, and pastels and navy the leading colors.

In separates, the look is more of careful coordination rather than mix and match with abandon.

The couture group says the jacket is the constant element in any separates formula, whether it's a cardigan to wear with everything, a copy of the baseball jacket, a shirt jacket, or even the man's smoking jacket gone to the girls. Designers also apply the drawstring treatment to jacket waists.

Adding to the soft look are short-puffed or roll-up sleeves, fuller sleeves, and less of the T-shirt or "poor boy" look.

Pants for spring come in linen-like fabrics, chambray, gabardine or cord. They soften up with baggy shapes and the wide, wide legs of the palazzo.

Also on the scene: jogger pants and revival of the Bermudas.

Pale colors and light fabrics carry the coat scene. Shapes again are the classics--the flared tent, the wrap, the cardigan. And again, the drawstring belt.

"WAIT AND SEE" WITH TV. The Wall Street Journal reports that there is a major change ahead for color television receivers. It's a revolutionary picture tube which, in the WSJ's words, will make sets "simpler, cheaper, slimmer, easier to service."

When can the consumer expect this product? Some manufacturers will have the sets on the market by Easter; within three years all sets should be of this improved type. If you are considering buying a color TV, it may be worth your while to "wait and see."

FOR YOUR PROTECTION. A comprehensive review of the effectiveness, safety and labeling of all vaccines such as flu vaccine is being undertaken by the Food and Drug Administration. Also coming under review are antioxins, serum globulins and blood derivatives used in transfusions, allergenic extracts, and toxoids and toxins. The FDA has the authority to require proof of effectiveness as well as safety requirements.

BUY-SELL-RENT-HIRE... Classified Ads DO IT BETTER

Speaking To The Consumer

TAKE TIME FOR FILING. When the holidays are over, take time to make a file for guarantees and warranties that came with your gifts. Record the date and place of purchase, if known. The information may come in handy if the product needs repair later on.

WHO IS YOUR beneficiary? The start of the year is a good time to check insurance policies to be sure that all beneficiaries are correctly named. Check any GI insurance you carry. The Veterans Administration states that often a veteran who marries thinks his wife will automatically get the proceeds of a policy even though his mother remains the person named as beneficiary. The VA,

however, like all insurance companies, just pay the beneficiary specifically named in the policy.

AN UNWELCOME LESSON. Enrollment in a study-at-home course sometimes teaches an unwelcome lesson: Spend something and get nothing. The consumer often finds it difficult to sort out the reputable from the irresponsible. Be cautious if the following promotion techniques are used: A "talent contest" that does not clearly say 15 per cent of adjusted gross that the company is seeking your income or a maximum of money rather than evaluating \$2,000. The personal exemption talent; advertising that guarantees a job when in real-ity the company is offering only \$750. The "short form" has a course of study; or a title that implies the course is con-

nected with a government agency or an employment agency.

Before investing any money, check the school's reputation with the Oregon Department of Education in Salem, the Better Business Bureau, or your local Chamber of Commerce.

YOUR '72 TAX RETURN. Are you in the habit of paying for the services of another to prepare your tax returns? Before you automatically continue this habit with your 1972 tax return, consider this: The "standard deduction" has been raised to 15 per cent of adjusted gross. The personal exemption has been raised to \$1,000. The "short form" has been greatly simplified. In view of these changes, you may find

it easy to fill out the forms yourself--and be financially ahead.

BIG MONEY - SAVER. Unit pricing can be your biggest money-saving shopping aid in this era of rising food prices. It is virtually your sole means of comparing the true unit cost of items you buy in the supermarket. Yet many food shoppers ignore or are apathetic about this consumer service. If you don't understand how to use this pricing system, ask to have it explained to you. Some chains have explanatory material already prepared.

If the labels are barely legible--either because they are smudged or because the print is microscopic--register your concern with the store manager. If you find that the unit

pricing is used primarily with house brands and is missing from other brands, tell the store manager that you are disappointed in not being able to use unit pricing the way it was intended. Above all, be aware of this food-pricing system and let the supermarkets know you consider it valuable.

BEEF PRICES TO PEAK. Beef prices are headed up again, don't understand how to use this pricing system, ask to have it explained to you. Some chains have explanatory material already prepared.

Shop selectively, look for beef bargains, and you'll be dollars ahead by the time summer barbecueing comes around.

Tender...Tasty

Like Your pork a cut above the average? Try RAY'S FOOD FAIR! Our pork roasts and chops are cut from corn-fed porkers, leaner, meatier; then they're VALU-TRIMMED by our own butchers for more good eating per pound. Best yet, we've prices to match: LEAN, LOW, and LONG ON SAVINGS!
