

A PARTY FOR THE BIRDS. If you see a box with a log sticking up in a tree at the Nyssa Elementary School, it is a bird feeder.

Mrs. Mitchell's fourth grade made it. On Friday, Feb. 2 we put it up. David Moffis hung it up and Jose Menchaca, Ross Saldana, Tony Estrada and Katey Nemazi helped.

We put suet, grain, oatmeal, apple and bread crumbs in the feeder. The whole class supplied it.

—by Katey Nemazi

Other good stories were written but we were unable to print them all. Those deserving honorable mention were written by Teri Pounds, Angie Stam, Debbie Mosley, Mona Martinez, Melanie Martin, Sharon Dall, Tony Estrada, Ross Saldana and Cathy Seuell.

### OUT OF THE PAST

#### 10 YEARS AGO

J.L. (Len) Church will retire early this summer from his duties as assistant superintendent of Amalgamated's Sugar Factory in Nyssa. He has been with the White Satin Company since 1938 and in the sugar business for 52 years.

Leo Gonyer retired from his work at Amalgamated Sugar Company on Feb. 5, 1963. He came to Nyssa in the spring of 1938 and worked on construction of the local plant as a locomotive crane operator. With the exception of two summers at Grand Coulee he has worked continuously for the White Satin Company as head crane operator.

#### 20 YEARS AGO

Thirteen Malheur County selective service registrants reported to the county board in Ontario Monday and were sent to Boise where they were inducted into the armed forces Tuesday.

Those entering the armed forces were John Winchell, Ronald Jensen, Harold Mace, and Richard Wilson all of Nyssa; Patrick McDonough, Walter Trenkel and Richard Tacke, all of Ontario; John Ingram, Ralph Snow, Harry Scott and Wesley Price, all of Vale; Donald Fenn of Roseburg, formerly of Ontario, and Robert Booth, Juntura, formerly of Vale.

Price and Tacke volunteered for induction.

A substantial increase in beet acreage for 1953 over the two previous years, was predicted this week by Jed Lewis, general manager of the Amalgamated Sugar Company.

Lewis said it is yet impossible to quote any figure on the total amount of sugar beets to be planted but stated that it will be greater than any season since 1950.

#### 30 YEARS AGO

Commander Doug McDonald of Nyssa Post of the American Legion presented Andrew McGinnis with the gold 25-year membership pin, for continuous membership in the organization at the last meeting of the Nyssa Post.

McGinnis joined the legion in France, where the organization held its first caucus following World War No. 1.

Shoes and fuel oil have been added by the government to the growing list of rationed articles.

A person cannot now buy a pair of shoes without presenting a ration coupon.

Fuel oil dealers will register at the ration board office in the Atkinson building and the public will register at the grade school building. The rationing is for persons using fuel oil, diesel oil and kerosene.

Individuals should measure the width, length and height of each room in their house and take the information to the registration place.

#### 40 YEARS AGO

To dedicate the new hall, the Nyssa Aerie of the Eagles Lodge will give a Valentine dance Saturday night, February 11, to which the public is invited. Music will be furnished by the Eagles orchestra.

The hall has been extensively improved under the supervision of the trustees, Dave Duggar, R.L. Patton and Wm. DeGroft. All of the Eagles assisted, many of them spending days on the improvement of the hall. Partitions were removed to provide one large room. Lockers were built for the various organizations and this week calimining has been underway. The large basement is used for the club and lunch room. Its most recent addition is the electric range owned by the Nyssa Civic Club.

#### 50 YEARS AGO

The roll of honor this month in the primary room includes: Glenn McGinnis, Lloyd McEwen, Lois Schweizer, Virginia McGinnis, Orville McEwen, James McGinnis, Leonard Smith, Emma Glascock, Ethelyn McEwen and Evelyn McEwen. In the advanced room: Cora Elliott, Evelyn DeBord, Floyd Elliott, Zena Moses and James McEwen.

Born to Mr. and Mrs. H.A. Goshert, on Sunday, January 21, a daughter, weight 7 1/2 pounds. The fond parents are still undecided what to call the little one no name having yet been found that was nice enough.

#### Girl Scouts

More than 100 million Girl Scout cookies were sold in 1972. Girls 9 years and older practice small business—making the sale, fielding complaints, doing paper work, and coping with the red tape—by selling cookies. In general, cookie profits are split between the troops and their local Girl Scout council.

Girl Scout Week, March 11-17, 1973, marks 61 years of Girl Scouting in the U.S.A. Theme: Today's Vision—Tomorrow's World.

### NYSSA PTA MEETING

Nyssa PTA will hold their next meeting Thursday, Feb. 15 at 8 p.m. at the Nyssa Grade School.

It will be an open house for grades three through six, under the direction of Mr. Mel Munn, principal of the elementary school.

Everyone is welcome to come and see our school and what it is doing to educate our children.

Refreshments will be served.

### FUN NIGHT PLANNED BY NYSSA P.T.A.

The Nyssa PTA is going to have a fun night each Tuesday at 7:30 p.m. at the grade school gymnasium. It is for all interested adults to play volleyball, basketball, etc. If it works out with enough people interested we may try having father-son teams and mother-daughter teams on some nights. If anyone would like more details they can call Glenda Barnes, Ruth Beck, or Mel Munn.

### Veterans Set Symposium

The Treasure Valley Community College Veterans' Club invites all veterans in the Treasure Valley area to attend a veterans' symposium 9:00 a.m. to 8:30 p.m., February 21.

Four resource people will be on hand to assist veterans to become aware of services available to them. Mr. Lou Smith and Mr. Marvin Rosmuny will represent the Department of Veterans' Administration and Mr. Kittleson and Mr. Bob Lee will speak for the Oregon Board of Education.

The symposium will deal with veterans' educational benefits, home and farm loans, medical benefits, and employment opportunities. In addition, the meeting will provide the chance to meet some prospective employers.

All veterans attending will be hosted to lunch at the college, by the TVCC Veterans' Club.

For further information, contact Mr. Lou Gasca at 889-6493 or a member of the TVCC Veterans' Club.

A few columns back we carried an item about the increase in minority enrollment in Army ROTC. Today, 17.4 per cent of the cadets represent minority groups. This week we have an item which indicates that ROTC is an "equal opportunity organization," even on a predominantly black campus. Cadet Lt. Col. Lionel Sands has been chosen ROTC Brigade commander at Morgan State College in Baltimore by a panel at the school. Sands is Caucasian.

**A LITTLE KNOWN FACT.** Did you know that a bank has the right to take money from your checking account or savings account in payment for money you owe on its bank-issued credit card? If you are in default on your payments, banks can take this action without giving you notice or without asking your permission.

This is just one of many reasons to be sure to notify the bank if you are having difficulty meeting its credit card payments. Work with the bank

on a satisfactory agreement for payments, and avoid misunderstandings.

**PROPERTY LOSSES DEDUCTIBLE.** If you itemize deductions on your income tax return, don't overlook property losses caused by natural disasters such as floods and ice storms. For help in computing this deduction, ask at your post office or Internal Revenue Service office for publications on disasters and casualty losses for home and business property.

**SAFER EXTENSION CORDS.** Household electrical extension cords have been redesigned and now come with protective devices to safeguard children from burns and other injuries. The device is a plug that can be inserted into the outlets that are not being used. The plug can be pulled out with ease by an adult, but not by a child.

The redesigned extension cords will carry the Underwriters Laboratory (UL) label denoting electrical safety.

**COMPLAINTS HELP BUSINESS.** Are you willing to speak up and be heard when a product you have bought is unsatisfactory? Do you voice your complaint to the company involved? If your answer is "Yes," it can be to the business firm's advantage as well as your own.

**LOOKING AHEAD AT INCOME.** Before committing your family to long-term loan payments for the purchase of a home, car, or other property, consider the age and earning potential of the breadwinner—or breadwinners. These

national figures can give you some guidelines as you look at your personal situation: For the ten years between 25 and 34, incomes rise sharply—nearly \$3,000. Then the rise becomes more gradual. Between 35 and 44, the rise is \$2,000; between 45 and 54, under \$1,000. From age 55 on, the national figures show incomes decreasing rather than rising—a drop of over \$2,000 from age 55 to 64, a de-
