OREGON NEWSPAPER PUBLISHERS ASSOCIATION

NATIONAL NEWSPAPER PUBLISHERS ASSOCIATION

MEMBER

Adrian Presbyterian Community Church

The Women's Association met Thursday afternoon at the Church Social room. There were 17 ladies present at the business meeting which met at 1:30 p.m. Mrs. George DeHaven, president, had charge of the meeting. Roll call followed the minutes which were read and approved and the secretary and treasurer's report were given. A report was given by the committee on the cost of some repair work to be done by the Association. Host and hostess were appointed for the potluck dinner at 7 p.m. this Wednesday evening in the Church Social room. Installation of officers was held and the dish for the least coin was passed.

The ladies from the Roswell Women's Association and others from this area came at 2 p.m. for the program. Mrs. Marie Moore read an article, "The Untroubled Heart," and gave a welcome to the Roswell ladies, and Teresa De La Tora and Domingos Baston, exchange students from Brazil, who gave the program. Miss Teresa De La Tora told a little about themselves before presenting the slides. She said they did not know each other before coming to the United States. They lived over 200 miles apart. They have both enjoyed their stay here and meeting so many wonderful people. They do not have the smaller towns there, only large cities which are far apart, you only know the people in your area.

Slides were shown of many interesting places in their country. Some of them were "The Square of Independence and the Monument," Big harbors and the beaches. It is hot there, sometimes getting to 130 degrees. There is lots of rain, grass is always green, beaches are crowded at night as it is cool then.

Music was played on the piano by Domingos Baston at different times during the showing of the slides. He plays by ear, but does very well. Teresa De La Tora played the piano after the slides were shown. She is also an accomplished musician. Slides were shown of the beautiful mountains along the beach. Their Soccer fields are the largest in the world. A slide was shown of the Statue of Christ on top of a mountain. They have carnival time every six months and feast and dance for four days. They have fancy cars and costumes, green, blue and yellow, their flag colors are used in their costumes. The Volkswagen is the most popular car. Prizes are given for the best costumes at the carnival. There are many black people in the dance groups. Their music came from Africa. The colored people sing and dance and are the best musicians. Sports preferred are basketball and volleyball. The exchange students both live in South Brazil. A question and answer period followed the showing of the slides and picture postcards were passed among the group showing other scenes of their country. Lunch was served by the hostesses to over 40 attending.

ATTEND CHURCH

CONSERVATIVE BAPTIST CHURCH

Pastor Irving Frank of Caldwell will be speaking at the First Conservative Baptist Church at the morning and evening services. Pastor Frank was raised in the Fruitland area and Pastored the Baptist Church at Roswell in the 1950's.

Special singing will be by Mrs. Frank at the morning services.

Sunday: Sunday School, 9-45 a.m.
 Morning services, 11 a.m.
 Evening services, 6 p.m.
 Wednesday: Prayer meeting and Bible study at 7:30 p.m.

CHRISTIAN SCIENCE LECTURER SLATED

There is a sure way out of discouragement and despair, according to a public lecture to be held in Ontario on Friday, February 23 at 8 p.m.

Norman B. Holmes, C.S.B., a Christian Science lecturer and teacher from Chicago, will draw on his experience as a Chaplain in the United States Navy in explaining how discouragement and despair can be faced up to and overcome on a spiritual basis.

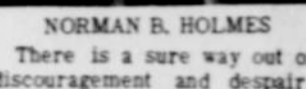

At the invitation of Christian Science Society, Ontario, Mr. Holmes will speak in the Church Edifice, 62 S.W. 5 St. Mrs. Bette Hopper of Fruitland will introduce him.

Local arrangements for the event are being coordinated by Frank Barber of Ontario.

Mr. Holmes will tell of the overcoming of many forms of despair including those associated with serious problems of human relationship, as well as physical disease and impairment.

A graduate of Northwestern University, Mr. Holmes served in the United States Navy as a Chaplain during World War II and the Korean War. He entered the healing ministry of Christian Science in 1946 and became a Christian Science teacher in 1958. Prior to his becoming a member of The Christian Science Board of Lectureship, he served as Manager of the Department of Branches and Practitioners of The First Church of Christ, Scientist, in Boston, Massachusetts. He is currently on extensive lecture tour.

"The Answer to Despair" is the title of his local lecture. The public is invited to attend without charge.

NORMAN B. HOLMES

 Teen study and fellowship. Adults...Bible study in Colossians 2

Mississippians Sing February 18

The Mississippians from Jackson, Mississippi will sing at the First United Methodist Church this Sunday, February 18th, during the 11 o'clock Morning Worship.

The Mississippians are a black quartet who are touring the United States this year for The Piney Woods School.

The Piney Woods School was begun in 1909 by The Little Professor of Piney Woods, Laurence Clifton Jones, who is now spoken of as Mississippi's Booker T. Washington.

The School began during a Southern revival meeting in which Jones was the evangelist. The minister-educator was being hung by white agitators from a tree, brush was piled at his feet to burn him alive for his effort, but then, as customary he was allowed a few words. These few words convinced the agitators, who thought he was formenting strife, that he intended only good for both them and the black people. He was cut down; the "reformed agitators" passed a hat and \$50 was raised for the Piney Woods School and the agitators became helpers in launching the school.

You are invited to hear The Mississippians.

Raymond Young

Raymond L. Young, 58, of 108 Seventh Street, Parma, died Wednesday, February 7, 1973, at his home.

He was born October 24, 1914, at Castle, Oklahoma. He came to Idaho with his parents in 1919 and lived in Big Bend, Oregon. He married Beatrice Gude in 1952. They lived in Mountain Home for 14 years. Mrs. Young died in 1969. He moved to Parma and married Louise McEwen, November 9, 1971.

Surviving are his wife, Parma; a son, William Lee Young, Parma; a daughter, Jerolyn Brooks of Modesto, California; his parents, Mr. and Mrs. William H. Young, Parma. A sister, Mrs. Faye Taylor, Parma; two grandchildren, one niece and one nephew.

Services were conducted Monday, February 12 at the Parma Dakan Funeral Chapel. Interment was in the Mountain Home cemetery.

Church News

Mr. and Mrs. John Nelson and daughter of Kimberly, Idaho stopped at the Methodist Church Sunday night enroute home from a Lay Witness Mission in Springfield, Oregon. He is to be the co-ordinator for the Lay Witness Mission which is to be held March 23, 24, 25 with the Lutheran and Methodist Churches in Nyssa.

There was a good attendance at the Lutheran Church Sunday night for Bible study and planning meeting for the Lay Witness Mission.

Nyssa PTA To Hold Open House

The Nyssa PTA will meet (today) Thursday, February 15 at 7:30 p.m. The Elementary building will open its doors to the citizens of Nyssa to an "Open House Program."

Activities are as follows: Meet in the old gymnasium at 7:30 p.m. Five-minute opening ceremony with Mrs. Beck, PTA president. Fifteen-minute P.E. demonstration by students. Five-minute station orientation by grade level chairman and Mr. Munn. Move to classrooms and participate in 15-minute learning demonstrations with teachers using classroom materials.

The demonstrations will include: Science, Math records, Reading materials, Peabody Language Kit, Systems 80 learning Kits and records from Library, Careers, Outdoor education, and Drug education. The Library and Resource Center will be open for parents to examine materials.

Following the demonstrations refreshments will be served in the gymnasium.

Pentecostal Church Of Jesus Christ

 Missionary Dale Brown from Peru will be with us Wednesday 7:30 p.m. The 21st. He will be showing slides also.
 Everyone Welcome.
 David D. Wiens, Pastor.
 (corner of 7th and Emison)

THANK YOU!

The Miguel Montoya family wish to thank the many kind people who have helped us in so many different ways--food, cards, kind wishes, etc.

A special thanks to the Latin Assembly of God Church for the dinner.

—Mr. Miguel Montoya, Sr. and family.

I wish to thank everyone for the many acts of kindness and expressions extended me during my illness.

—Ruth Mahalockzi.

THANK YOU!

Come to this Christian Science Lecture "THE ANSWER TO DESPAIR" by Norman B. Holmes, C.S.B. Friday - February 23 - 8:00 p.m. 62 S.W. 5 St. - Ontario

OBITUARIES

Bud Vanscoy

Word was received at pre-time Wednesday, of the death of Dan Vanscoy of La Grande, formerly of Nyssa. He died suddenly, Tuesday, February 13, 1973, at a La Grande hospital.

His widow is the former Nellie Jean Schweizer and his sisters are Mrs. Art Sevoss of Nyssa and Mrs. Don Todd of Portland.

Services are pending.

Myrtle Plueard

Myrtle Plueard, age 63, died Monday, February 12, 1973 at her home in Caldwell. She was born October 30, 1909 in Saint Francis, Kansas.

Besides her husband Dick of Caldwell, she is survived by one son, John Bartholomew of Sumter, South Carolina; one daughter, Dorothy Hardenbrook, Anacortes, Wash.; five sisters, Mrs. Anna M. Fisher, Boise, Mrs. Frances George, Sheridan, Oregon, Mrs. Ruth Houtman, Saint Francis, Kansas, Mrs. Norvella Murphy, Cisse, Illinois and Mrs. Julia Lane, Morris City, Illinois; one brother, Sam Parks, Asotin, Washington. Also surviving are eight grandchildren.

Services for Mrs. Plueard will be held Thursday, February 15, at 2 p.m. at Lienkaemper Chapel in Nyssa. Interment will be at the Nyssa cemetery.

Raymond Young

Raymond L. Young, 58, of 108 Seventh Street, Parma, died Wednesday, February 7, 1973, at his home.

He was born October 24, 1914, at Castle, Oklahoma. He came to Idaho with his parents in 1919 and lived in Big Bend, Oregon. He married Beatrice Gude in 1952. They lived in Mountain Home for 14 years. Mrs. Young died in 1969. He moved to Parma and married Louise McEwen, November 9, 1971.

Surviving are his wife, Parma; a son, William Lee Young, Parma; a daughter, Jerolyn Brooks of Modesto, California; his parents, Mr. and Mrs. William H. Young, Parma. A sister, Mrs. Faye Taylor, Parma; two grandchildren, one niece and one nephew.

Services were conducted Monday, February 12 at the Parma Dakan Funeral Chapel. Interment was in the Mountain Home cemetery.

Joseph J. Lopez

Joseph J. Lopez, 65, Nyssa, died Wednesday, February 7, 1973 at Malheur Memorial Hospital.

He was born October 15, 1907, in Yorktown, Texas. He married Catherine Corak in Reno on October 10, 1944.

He is survived by his wife in Nyssa; five sons, Mike, Tim, Bill and Daniel Lopez, all of Nyssa, and Gilbert Lopez, Edinburg, Texas; four daughters, Mrs. Shirley Page, Wilder, Mrs. Margaret Page, Nyssa, Pamela Lopez, Nyssa, and Mrs. Julia Tello, Edinburg; and 12 grandchildren.

Services were conducted at 2 p.m. Saturday in the Lienkaemper Chapel in Nyssa. Interment was in the Nyssa Cemetery.

THANK YOU!

We wish to thank our many friends for the acts of kindness they expressed to us in so many ways at the passing of our beloved sister and aunt, Faye Montoya.

—The Edward Cordova family.

OUT OF THE PAST

10 YEARS AGO

Without question the most important item of the past week's activities in the Legislature was the joint House and Senate meeting which heard Senator Wayne Morse and Governor Mark Hatfield discuss the latest developments concerning the Boardman Space Age Project.

The state has invested over a million dollars, plus land exchanges and other non-monetary values, to secure property along the Columbia River near Boardman for lease to Boeing Aircraft Company.

According to Plant Manager Henry Zobel, the Nyssa Amalgamated refinery set what is believed to be a production record for one season when 2,145,000 one-hundred-pound bags of sugar were refined during this campaign that closed February 14. This is 368,000 more than the previous high of 1,777,000 in 1962.

Nyssa's staff of first grade teachers includes Mrs. Zetta Bumgarner, Mrs. Gladys Engelhart, Mrs. Lucille Cary, Mrs. Marguerite Leslie and Mrs. Lana Schenk.

40 YEARS AGO

The Nyssa Country has had snow and plenty of it, enough to fill all the reservoirs it would appear for the surplus which pities the streets of town. More snow last night brought it to a depth of twelve inches on the level this morning. Drifts in town were three feet deep in many places while in the country snow is piled higher than a car in corners and lanes where the wind could strike more freely.

Nyssa school busses have been running on schedule but since the first heavy snowfall the forepart of the week, they have been meeting the pupils at the highway. Snow has blocked side roads and has caused the mail carrier and all motorists much trouble. Drifts have blocked driveways in town.

50 YEARS AGO

Messrs. Jessie Kygar and Lou De Goode have purchased the Andy Hansen ranch from Lynn Kygar and William Peutz and will soon take possession. They have moved a small house onto the place from the Stam ranch.

Louis DeBord spent the weekend in Nyssa where he was a guest in the Benton home. While in Nyssa he purchased some turkeys and hens.

20 YEARS AGO

Farmers of the Malheur area "will have to get on the ball right away" if they are to have adequate labor supplies for the 1953 season, Roy Hirai, president of the Malheur Labor Sponsors Association, warned this week. Hirai said that the association drive for membership dues has made little progress and that camp facilities cannot be operated with a minimum of 6000 acres of row crop signed up and membership paid.

The sponsors association estimates 3000 laborers will be needed in the area this season and only part of them can be housed and dispatched from the labor camps at Nyssa, Ontario, Adrian and Vale. Hirai pointed out that there is not adequate farm housing to maintain a labor force, and that even operators with farm housing will suffer if the labor force is not large enough to stabilize wage rates and reduce competition among users of labor.

Cpl. Willis G. Hiatt, son of Mr. and Mrs. Scott O. Hiatt, and husband of the former Miss Nettie Knowles, all of Nyssa, recently began a six-week course in information and education at the armed forces information school at Ft. Slocum, New York.

30 YEARS AGO

The facts behind the current nation wide campaigns to grow victory gardens, plan the family food supply, and produce and conserve meat will be carried to every family in Malheur County as job No. 3 for the neighborhood leader system, said R.E. Brook, county agent.

Rural families are in much better position than other, both to supply their own food needs and to help the war effort by producing as much extra as possible. Farmers have no restrictions on the amount of meat they can butcher for their own use, but if they hold their consumption down to 2 1/2 pounds per week per person it will mean many millions of pounds more to share with the armed forces and America's allies.

Letters to the Editor

Editor, The Journal:

As the Constitution of these United States provides, let us LIMIT government and INSIST that it answer to us instead of the citizens being dominated, repressed and controlled by such bureaucratic agencies of the rebel Metro government as COSG (Council of State Governments), Model Cities, Zoning, COG (Local Council of Governments), Urban Renewal and Regional Government to name a few. All are a part of a regressive form of government, dictatorship, the many being ruled by an appointed few.

Metro government is NOT constitutional self-government. It is government by executive order (presidential or governor), and administrative decree. Forced zoning by a state's governor is one example of this rebel government. Governor McCall is now proposing that statewide zoning in addition to local zoning be made law in Oregon. Public ownership of private land is a goal of Metro government. This is to be accomplished by restrictive regulations on all land use, water control both surface and subsurface, control of the air (See Senate Resolution #100) and by higher and higher taxation, until landowners can no longer make a living from their land and continue to pay the taxes, too. This is the way the state or federal government will confiscate it. Many people in Metropolitan areas now believe that land should not be privately owned. Owning property is a constitutional right.

Are we to sit quietly by and do nothing while these social planners and their agencies proceed to strip us of this individual right? The time to act is now if we are to keep our constitutional right to private ownership of land.

You will need to read about this Metro government monstrosity to believe it! Two researched books, "Terrible 1313 Revisited" and "Blame Metro" written by Jo Hindman, who for many years has researched Metro and its devastating effect on our American way of life. These books are available from Carlton Printer, Caldwell, Idaho for \$2.00 per copy, and will answer many questions concerning the cause of many local government problems. In this limited space, I haven't even scratched the surface about Metro. Get a copy of these books and read them. If you are a red-blooded American, you will be shocked! The land you gave might well be your own!

—Respectfully
 Mrs. James Shaw,
 Ontario, Oregon.

Editor, The Journal:

I have to address you in this way because only through the Nyssa Gate City Journal can I get in touch with you, but believe me, I would like to be able to write personally to a lot of you. I'm writing because having been away from Nyssa for almost six months now, I still feel like one of you, I still consider myself a citizen of Nyssa, and you, my fellow townspeople so that it would be unkind if I didn't let you know what I'm up to.

As you know I was back in Florence by half July and the trip back home was a real blast although I was a little sad for leaving.

Also meeting my family in Rome was something hard to describe, I can only tell you that the airport looked like a battleground with parents and relatives of a hundred kids running all over and screaming "My son! My daughter!" and others screaming as well "This cannot be my son!" since a lot of us had grown taller or fatter (mostly fatter). Anyway I soon found myself re-adjusted to my old life, except for the language which seemed harder to come back.

I had to start studying immediately while my friends were vacationing, because to attend the last year of high school here in Italy I had to pass a test.

However, I managed to spend 15 days at the sea-side and then pass the test, so I could start school in October with my old classmates. It was very exciting to see them again and to see how they had changed, realizing that I had changed even more. They had a lot of questions to ask me and they were very well impressed by what I told them about the U.S. and the friendliness of people there. Ever since I have been nicknamed "the American" and my popularity has grown.

I spent Christmas skiing and when I got back I found a lot of cards and presents from the U.S. and they have really moved me, because they mean that you still remember me and it's quite an honor to be remembered by such people as you.

Well this is about all the next time instead of writing I'll try to come to Nyssa and tell you everything myself.

"Think your Tires are REALLY ROUND?"

MOST PEOPLE DO... BUT THEY'RE NOT

EXCLUSIVE
OK TIRE TRUING
 MAKES ALL TIRES ROUND

HERE ARE THE FACTS:

1. Every tire is produced in a perfectly round mold. Upon being taken from the mold and in the cooling process, parts of the tire will expand while other parts will contract, producing high and low spots in the casing.
2. Upon contact with the road surface, with every revolution the tire makes, the high spots set up a vibrating, vibrating action. This action produces a dangerous driving condition, damaging wear and tear on the car and fast tread wear on the tire.
3. O.K. Tire Truing corrects this condition. In a matter of minutes, the high spots are flattened, all three high spots, producing a tire that is perfectly round to the tread.

Results: SAFER DRIVING—A SMOOTHER RIDE—LONGER TREAD WEAR
