

LOCALLY GROWN, FRESH ... PRODUCE SPECIALS

A Tribute To The Farmers Of Treasure Valley "Where Quality Is Superb"

Treasure Valley country is the heart of truck gardening for Idaho and Eastern Oregon. The superb quality of locally grown fruits and vegetables is unequalled anywhere in our nation.

The deep, fertile soil and its plentiful water supply provides the natural physical elements. This, combined with the skill, knowledge, constant planning and hard work of many dedicated farmers, brings us produce unequalled in flavor and quality.

All of us at M & W Markets recognize the many hours of effort and tender loving care given each head of lettuce, ear of sweet corn, snowwhite cauliflower, or rose red apple by the many growers in Treasure Valley.

Jim Kneass, Bill Quong, Kenny Symes, Jack Trail, Leonard Aschenbrenner, Bob Percy, Symes Orchards, Weitzel, Willie Taylor and Paul Edwards are just a few of the growers in this fertile valley who grow the plants, fruits and vegetables to grace your tables.

We can all be proud of the excellent job done by the growers and farmers of Treasure Valley.
