Malheur County's total assessed value will be, \$328,385,961. This shows a growth increase of \$19,825,539. From this amount \$35,688,086 has been removed due to exemptions such as inventory phase out (which is 30% this year), veteran exemptions, processors exemptions and others. The 1973 legislature passed the law that treats farm machinery as inventory (retro active as of Jan. 1, 1973). This removed an additional \$3,383,808 (this is included in the \$35,688,086). Net assessed value after exemptions is \$292,697,875. The exemption figure does not include the loss of an estimated \$10,000,000 due to Farm Use assessments, Bratton said.
