

Knife & Fork Members To Hear About Red China

Don Ebricht, one of the few fellows who knows what he is talking about when he discusses Red China, its plans, where it is headed and what it hopes to accomplish at the expense of democratic nations, particularly his own United States, will be the guest speaker to address the Knife & Fork Club at its meeting Friday evening, November 16, at 7:30 p.m. at the Eastside Cafe in Ontario. Ebricht calls Los Angeles his home now but he might be more correct if he called it his "Headquarters." So wide are his travels, and so frequent, that it has been said he spends more time away from home than in it.

Few observers who make a business of going to the places where news is made and then coming back to report it to an ever growing "clientele" made up largely of members of large-city forums, Town Halls and dinner clubs such as the local one, have better information on current conditions than Ebricht. His address here will be "Ring Around Red China."

GREATEST WINGS

POOR MAN'S BEST FRIEND

Even though our nation has unsurpassed opportunities and facilities for education, we remain poor in teaching a fundamental American concept: our business system. Through the years it has reduced poverty and raised our standard of living to the highest of any large nation in the world.

Even among the higher echelons of learning, the true purposes and objectives of business profit have been grossly misinterpreted.

The truth is that profit does not cause high prices. The profit incentive saves consumers money because it stimulates competition which results in the lowest possible prices for the highest possible quality products.

Legitimate profit is the greatest engine of human betterment ever devised by man. It is the poor man's best friend.

The only way we can live better is by producing more for each other—not by trying to get what we want by forced extraction from each other with no equal value supplied in return.

Spokane Smallest City To Put On World's Fair

Spokane is the smallest city ever to put on a world's fair. And proud of it.

The pride is engendered by Expo '74, which opens a six-month run here May 4.

Before winter had set in, 80 per cent of the outside construction of the many buildings on the 100-acre grounds had been completed. And some of the grounds sodded.

And several major nations—including the Soviet Union, France, Mexico, Japan, the Republic of China and the Republic of Korea—had said they would participate.

So had major companies like General Motors, Ford, Kodak, the Bell System, Boeing, General Electric, United Airlines and others.

Contracts for most of the concessions had been signed, as well. The shops will sell souvenirs and food from several nations—the Philippines, Hong Kong, China, Japan, Holland and many others.

The 100-acre site, which straddles the Spokane river right downtown, will become a lovely city park when the fair is over.

MAIL EARLY

TO THE ARMED FORCES
OVERSEAS

Stardusters met at the home of Mrs. Glenn Marcum November 12. President Kathleen Wheeler presiding.

Favors for the Nursing Home were made and posters for the Mini Bazaar. The Bazaar will be held December 1 at the Masonic Hall.

There were twelve members present and one guest.

The next meeting will be December 10 with the place to be announced later.

DITCH TOURED

Five board members of the Owyhee Ditch Company toured the ditches Monday, November 12, according to Frank Sherwood.

The board made plans for many improvements to be made between now and next spring.

NEWS FROM BIG BEND

BY GOLDIE ROBERTS
