10 YEARS AGO

Dressed in powder blue and white uniforms and in perfect time, the Pasadena-bound NHS L&nd appeared on Nyssa Main Street Saturday afternoon as they escorted Santa to town. To these students, marching is nothing new as they go through the routine nearly every school day morning. It was noted that yesterday morning with the temperature at 11 degrees above zero, they and their director Frank Turner, were out for their usual rehearsal.

Miss Lynn Jackson has been selected as winner in the "Good Citizen" contest held annually among senior girls of area schools and sponsored by Malheur Chapter Daughters of American Revolution. Three children without shoes and the fourth wearing what had once been shoes appeared at the Christmas tree in front of Nyssa Motors last Saturday to receive the treats Santa Claus was giving all the children. Their clothes were more suited for July weather.

As soon as the youngsters had received their candy they were escorted to Bracken's Store by the Rev. John Briehl who outfitted them with shoes and socks. Fred Bracken cut the bill in half and the remainder was paid by the Lutheran minister.

The mother, had no coat and was outfitted later by the Rev. Briehl. The incident attracted the attention of the Junior Chamber of Commerce and it was reported this week that plans are underway to pool the resources of numerous civic, charitable and fraternal organizations in Nyssa to take care of several needy families with circumstances similar to that of the Christmas tree visitors.

The county farm transportation committee warns that a critical situation with respect to tires and tubes can be effected during the next six to nine months. This applies particularly to larger sizes and is cause for concern on the part of farm truck owners. Recapped tires apparently must carry the bulk of the load in agricultural transportation for some time. Prompt recapping and the utmost conservation is urged to keep farm equipment rolling through the critical period ahead.

A sugar beet weighing 29 1/4 pounds was processed by the Amalgamated Sugar Company. Though unusually large, it is not the largest grown in Malheur County. The beet was grown by W.A. Bybee of Nyssa.

Quite an accident happened in Arcadia Wednesday evening when a car driven by Bill Cathey's boy of Vale ran into a team of mules with a load of corn belonging to Elbert Butler, Sr. One mule got on top of the car and completely demolished the top and windshield and cut the mule so badly

that a veterinary had to be called. The boy crawled from under the wreck without getting hurt.

High living costs, poor wages and an oversupply of labor are given as the reasons for the hundreds of people who are leaving California weekly. Thousands have left that state during the last six months, thousands more will go before the exodus ceases.
