"There are 542,000 women veterans, 305,000 of whom are credited with World War II service," Mrs. Arndt explained. "Nurses who served during the Spanish-American War and World War I women veterans total 15,000. Vietnam-era women veterans numbered 91,000 through June 30."

During World War I, women served as military nurses, Navy Yeomanettes and women Marines. The Women's Army Corps was not established until World War II.

Energy Crisis

Congressman Al Ullman, D-Ore., acting chairman of the House Ways and Means Committee, said today he is scheduling special committee sessions to deal with energy crisis matters.

Tuesday Ullman appointed an eight-man task force within the Ways and Means Committee to consider a variety of tax measures on energy matters and to develop proposed legislation.

"If the Administration does not have any concrete proposals ready by next Monday," Ullman said, "I have asked William Simon to be prepared to meet with the committee Monday during a closed working session."

Simon, deputy secretary of the Treasury, was named by President Nixon earlier this week to head the new Federal Energy Administration.

"I know the committee task force wants to hear from the Administration on its plans," Ullman said, "and if Mr. Simon does have legislative proposals prepared by then, I am contemplating scheduling open hearings to begin at that time."
