

Monty Burbank and Craig Burbank of B & M Equipment Company, Nyssa, recently participated in the Fly-in program presented by the Farm Equipment Division of Hesston Corporation.

The Burbanks were flown to the corporate headquarters and manufacturing facilities at Hesston, Kansas on January 10. They were

accompanied by other Hesston dealers aboard one of the company's airplanes.

During their 24-hour visit, the Burbanks viewed Hesston windrowers, forage harvesters, StakHand hay handling machines and other products on the assembly line. They also talked with engineers and product managers about the latest Hesston equipment.

Monty and Craig have just returned to Nyssa from Tulare, California where they attended a machinery show, one of the largest ever held.

They were accompanied by Dave Pfeiler, and the three saw farm machinery of every kind, manufactured by all companies, and covering an area of about 200 acres.

we salute the... BOY SCOUTS OF AMERICA

This week, the Boy Scouts celebrate their 64th Anniversary. You can bet they're proud of their record...and justifiably so. Since its founding, this organization has helped American boys become men, through its program of building character and providing wholesome activities for growing youngsters. We salute an out-standing group of boys!
