Nyssa Has Jr. Olympic Winners Speaking To The Consumer

A group of 39 eager, young wrestlers left Nyssa Friday, March 15 bound for the Jr. Olympics Tournament in Portland. They were accompanied by Coach Dennis Savage and his wife Linda, Javier Gomez and Richard Mejia.

These boys had all qualified by getting first or second place in the preliminary meets the previous Saturday.

There were over 900 participants from all over the state of Oregon. The tournament started at 7 a.m. Saturday morning and the last match was at 12:30 p.m. that evening.

Nyssa wrestlers that finished in the winners circle were:

10 YEARS AND UNDER
110 lbs. - Jay Gomez, first
105 lbs. - Tom Tomjack, third

11 AND 12 YEARS
126 lbs. - Dave Ross, second
13 AND 14 YEARS
75 lbs. - Jessie Iracheta, second
80 lbs. - Lucio Jimenez, third

Other boys participating were: 10 years and under,

Dayle Ballou, John Ward, Chris Mejia, Ronnie Robinson, Scott Calhoun.

11 and 12 years, Kim Cleaver, Terry Cleaver, Kay Moore, Terry Moffis, Dave Moffis, Charles Main, Gordon Ballou, Marty Robinson, Carl Simpson, Dave Sparks, Ruben Lopez, Lance Kohler, Bill McMillen, Mike Wilmot, Keven Moffis, Eddie Kinkaid, Stacy Garner.

13 and 14 years, Patrick Sims, Lucio Jimenez, Jessie Rodriguez, Eric Stunz, John Tensen, Don Lawrence, Jose Delgado, Jeff Moffis, Kurt Michaels, Ron Friel, Rich Felhman, Greg Thiel, Charlie Stults.

On the way home the group visited Multnomah Falls, The Dalles Fish Hatchery and the Dalles Dam.

Everyone had a wonderful time and they all wish to thank Javier Gomez and Richard Mejia for going with them, the Nyssa parents and fans who supported them financially, the Nyssa School Board and W. L. McPartland and Merilean Robbins for the use of the bus and anyone else who helped make their trip so successful.

A CONSUMER AID. Are you taking advantage of all the information available to you as you buy food these days? Many stores are using unit pricing that tells you at a glance how much a product costs by a common unit of measure—for example, so much per pound. The unit price is given along with the retail price of the product. Unit pricing can take the guesswork out of comparing prices, and is an important tool to use when you shop for groceries.

WRITE RIGHT NOW. The USDA is concerned with a system to insure accurate weights on meat and poultry products. This system will include requirements and procedures for checking net weights from processor to retailer. It would eliminate present allowance for "acceptable loss" in net weight caused by shrinkage in marketing channels. Bacon, for example, could not be less than its stated weight even though there was a moisture loss in transit. It would have to be packed overweight initially or be vacuum sealed.

This new system could mean an additional cost for the consumer. Send your comments, pro or con, to the USDA Hearing Clerk, Washington, D. C. 20250 before April 5.

"PURITY" TERMS QUESTIONED. Another U. S. Department of Agriculture regulation being considered would ban the use of terms such as "all" or "pure" on meat and poultry products in a manner that might be misleading to you as a consumer. For example, a processed meat could not be labeled "all Beef" if it contained any other ingredient. "Pure" pork lard could not contain a chemical preservative.

If you agree—or disagree—send your comments to the Hearing Clerk, USDA, Washington, D. C. 20250 before May 31.

HAVING YOUR "SAY." How do you feel about seat belt requirements for cars? Now new cars cannot be started before the seat belt is fastened. An alternative is being proposed that will make it possible to start the car without buckling the seat belt—but it would still be impossible to move without fastening it. Your comments about this proposal should go to the Docket Section, National Highway Traffic Safety Administration, Room 5221, 400 Seventh Street, SW, Washington, D.C. 20590.

WATCH THOSE CREDIT COSTS. If you use a revolving charge plan, you don't have to repay all you owe when you get your bill. In fact, you are required only to make a minimum payment—perhaps a small fraction of what you owe. This can add flexibility to your budget and can be useful if you must meet some unexpected expenses.

However, if you are making just the minimum payments on your revolving accounts each month—examine your statements to see how much this convenience costs. The figure may surprise you.

YOUR HELP NEEDED. The Consumer Product Safety Commission is concerned that many products on the market may not meet the federal safety regulations and they need the help of consumers to spot these products. If you see a safety hazard in a stove, a bicycle, a lawn mower, a toy, or other product, call the commission toll free "safety hot line" 800-638-2666 and report the hazard. The commission will follow up on your complaint.

Nyssa Rodeo Grounds Future Questionable

There was a joint executive board meeting of the Owyhee Riding Club and the Nyssa Horse Activities, Inc., Monday night, March 18, at Brownie's Cafe. The purpose of this meeting was to discuss the merging of the two clubs and the future preservation of the Nyssa rodeo grounds.

At the conclusion of the meeting, it was agreed by both boards to return to their respective clubs and to discuss the proposed merger so that there might be a combined effort in retaining the grounds for future rodeo and community activities.

The Nyssa Horse Activities, Inc., will hold a special meeting on Tuesday, March 26, at 8 p.m. at the Nyssa Public Library to discuss this proposal. It is very important that all people who are interested in preserving the rodeo grounds for future rodeo and activities, please attend this meeting!

Nyssa High School CAP Continues Despite the Fuel Shortage

The Nyssa Civil Air Patrol Squadron kept up its lifesaving efforts last year despite the shortage of fuels. Lt. Robert Sherbert is local CAP representative. Commander of the Nyssa Squadron is Lt. Jack Walker.

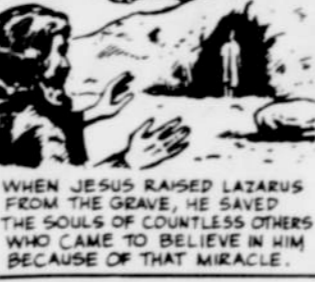

Sherbert said that the squadron managed to get the fuels needed for the organization's air searches and other mercy missions.

In 1973, the Civil Air Patrol saved the lives of 48 persons, more than twice as many as in the previous year, through air searches and other activities. The missions were accomplished with fewer hours of flying time and fewer sorties, single aircraft flights.

The CAP is not a part of the military and does not share in military priorities on fuel. However, the unit does practice the same fuel-saving measures the military uses.

Tax Levy Measure

SUBMITTED BY TREASURE VALLEY COMMUNITY COLLEGE DISTRICT

SAMPLE BALLOT

Tuesday, March 26, 1974

The Treasure Valley Community College District has no tax base, thus requiring voter approval for a tax levy necessary to finance, in part, the operating budget for the district. The district's budget committee approved an operating budget which provides for \$107,366 increase of the 1973-74 operating budget.

That portion of the proposed budget to be financed by the levy of local taxes for the tax year 1974-75 is \$718,151, which if approved will be \$67,862 greater than that portion of the operating budget financed by local taxes for the previous year.

The Board has calculated that the tax rate per \$1,000 of true cash value, if approved, shall be \$2.54.

YES, I Vote For the Tax Levy.

NO, I Vote Against the Tax Levy.

Registered voters resident within the District 30 days prior to the election shall be entitled to vote. The voters shall place a cross (X) or a check mark (V) in the box beside "YES," I vote for the tax levy, or in the box beside "NO," I vote against the tax levy, whichever shall indicate his choice.
