LUCILLE CALLAHAN, typesetter for the Journal, is shown at the keyboard of the new Compigraphic Typewriter, recently installed.

The new machine is computerized, and sets type by photo composition. Faster, and with greater variety of type style and sizes, readers should notice a difference in the paper make-up and composition.

All news copy set on the machine is run through a photo processor in the darkroom. The old machines, which can be seen in the background, will be held in standby. They worked on the tape punch system, where the tape was punched on the recorder, then run through a companion machine, the reproducer, to give the justified columns of type.

## Fiddlers Festival Plans Old Time Parade

One of the big parades in lower Treasure Valley will take place Saturday afternoon, June 22, the last day of the National Old-Time Fiddler's Contest and Festival, which is held annually in Weiser.

Parade will start promptly at 1:00 p.m. Participants will be asked to congregate at 11:30 a.m. or shortly thereafter at East 4th and Galloway Street. Trophies, prizes and ribbons will be awarded. Phone or write Chairman Darwin Adams or Chamber of Commerce for further information. Of course there'll be plenty of good fiddlin', the best in the world, from the nation's top fiddlers who will be in Weiser for the National Festival which starts June 17. Another feature will be the Weiser Jaycee's outdoor barbecue immediately following the parade. We urge you to attend and join in the festivities. Have a grand time!
