U of O Workshop Scheduled For Journalism Students

Some 500 student journalists and 60 high school journalism advisers will be on the University of Oregon campus Oct. 11-12 to attend the 48th annual Oregon High School Press Conference. Fifty-two workshop sessions for students will cover

all phases of production for high school newspapers and yearbooks. Events will be in the Erb Memorial Union.

Ted Mahar, drama editor of the Portland Oregonian, will speak on "The Confessions of a Movie Reviewer" at the Friday 11 a.m. all-conference meeting in the Erb Ballroom. Mahar sees more than 250 movies per week, and usually has one or two play reviews each week.

Mike O'Brien, reporter and feature writer for the Eugene Register-Guard, will speak on "Things the Journalism School Never Taught

Herb's Views

By Herb Fitz

I have long thought there must be a bureau of Discombobulation in Washington. This bureau wouldn't be an easy one to serve on because it is so exacting. They are continually on the alert. Looking for departments that are running smoothly and when found, something must be done to louse it up.

This is to be noticed by everyone with their income tax returns. If too many people make too few errors in their returns, the tax forms must be changed. Perhaps this only seems to be so, but I'll bet a lot of people will agree that it is so.

"It must be the bureau of discombobulation that has come up with the ultimate in bureaucracy." If some task can be ably done by one, with a little extra effort we can figure out some way for 4 to accomplish the same thing. Then eventually each one of the four must have four more. Always remember that as nature abhors a vacuum a bureaucracy abhors an empty room. When all the rooms are filled, then we must build another in structure and soon learn that we are still short on office space.

Many departments are so enormous that absolutely nobody knows what's going on. It becomes like a Roman race with four horses to stand on and only two legs to do it with. Some things are bound to get out of hand. We have had too many examples of this in the immediate past to totally ignore the situation any longer. The immediate responsibility of government, Federal, State, County and City is to make certain that NO NEW bureaus are created and those now present do not expand further, and eventually reduce instead of INCREASE DEPARTMENTS.

A few weeks ago I stated, "As long as we are willing to pay high prices, we will have higher prices to pay." This is partially true, however it can also be said, "As long as the federal government continues to cheapen the dollar by overspending, it will take more dollars to buy cheap things." We can never have a reduction in taxes till we have a reduction in spending. I am trying to say, "Government spends too much of our money wastefully for too many things."

Betty Crocker Offers Scholarships

College scholarships, from \$500 to \$5,000, are available to all high school seniors through the Betty Crocker Search for Leadership in Family Living, formerly the Betty Crocker Search for American Homemakers of Tomorrow.

An invitation to enroll in the program will soon be mailed to all high schools across the nation. Schools new to the event are invited to write the Betty Crocker Search, P.O. Box 113, Minneapolis, Minnesota, 55440, for information. Enrollment deadline is October 31.

On Tuesday, December 3, each participating school will administer a 50-minute written examination. Prepared and scored by Science Research Associates, Inc., Chicago, this general knowledge and attitude examination is

the first important step of the scholarship program.

From the examination results, a Betty Crocker Family Leader of Tomorrow will be chosen for each participating school. School winners are acknowledged with special awards and their examinations are entered in state competition.

Each State Family Leader of Tomorrow receives a \$1,500 college scholarship while every state second-place winner receives a \$500 grant. The state winner also earns for his or her school a 2-volume reference work, "The Annals of America" from Encyclopaedia Britannica Educational Corporation.

State winners accompanied by a faculty advisor will be the guests of General Mills next spring on an expense-paid educational tour, which

will include Washington, D.C., and Williamsburg, Virginia. A special event of the tour is announcement of the All-American Family Leader of Tomorrow, who's scholarship will be increased to \$5,000. Second, third and fourth place winners in the nation will receive scholarship increases to \$4,000, \$3,000 and \$2,000 respectively.

The Betty Crocker Search is on the advisory list of the National Association of Secondary School Principals.
