Thanks for Waiting

TELLERS' Willie Scholes, Carolyn Cooper, Annette Hart, Rachel Suarez and Lucy Moore look forward to serving you in our new building.

If you're like most folks around Nyssa, you've probably been watching and waiting for sometime now as we cleared the ground, laid the foundation and made slow but steady progress on our new building.

Well, it's finally finished now. And we think it was worth the wait. Because now we can offer you a lot of added banking conveniences. There's a handy drive-in window that lets you bank right from your car. An expanded tellers' row means you will get faster service. And you will find a modern, comfortable lobby and officers' area, and larger safe deposit facilities, too.

But there's one thing that didn't change when we

moved to our new building - the people. We'll still do our very best to give you sound, sensible financial advice and assistance. Exactly the kind you've come to expect from the bank that's been serving Oregon for more than a century.

Why not stop by our new building and take a look around. And if we can help you in any way with your banking needs, please just ask us...your friends...at First National Bank of Oregon.

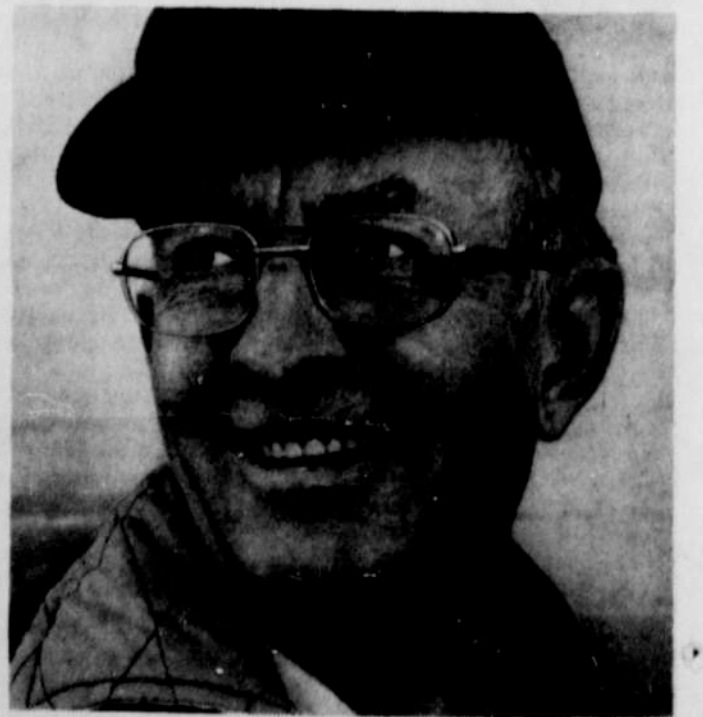

We'd like to get to know you.
