Cranberry Salad

1 can whole cranberry sauce
1 cup min. marshmallows
1 cup cream, whipped or
2 cups dream whip
1/2 cup nut meats.

Mix cranberries and marshmallows and let stand over night. Then add whipped cream and nuts. Serves 6.

(For variety add a small amount of crushed pineapple or cottage cheese or sour cream.)
It's almost Thanksgiving!
If, at any time of the year, we do extra baking and give of ourselves, it's during the holiday season. Puddings, Fruit Cakes, Candies, and Christmas Breads may all be made now and stored in our freezers for later use.

Holiday Carrot Pudding

2 cups raw potatoes, chopped
2 cups raw carrots, chopped
2 cups sugar
4 tbs. melted butter
1 cup enriched flour
1 cup whole wheat flour
2 teaspoons salt
2 teaspoons soda
2 teaspoons cinnamon
1 teaspoon nutmeg
2 cups seedless raisins
1 cup chopped dates
1 1/2 cup nutmeats.

Grind potatoes and carrots with a food chopper. Stir in sugar and melted butter. Sift salt, soda, cinnamon and nutmeg with enriched flour. Stir in whole wheat and blend into carrot mixture. Fold in raisins, dates, and nuts. Pour into two 1 lb. cans, cover and steam for 3 hours. Slice and serve with pudding sauce.

Pudding Sauce

1 cup sugar
1 cup condensed milk
1/3 cup butter
1 egg beaten
1 teaspoon vanilla

Stir sugar, milk, butter and beaten egg together in a saucepan and cook on medium heat until mixture thickens. Add vanilla. Serve over steamed pudding or fruitcake.

We all like to sit around visiting and watching TV and there's nothing better than

"Nibblers" on which to nibble.

They make nice Xmas gifts, packaged in attractive containers.

Nibblers

1 6 oz. pkg. pretzel sticks
1 lb. salted peanuts
1 6oz. pkg. crisp rice cereal
1 7 oz. pkg. crisp oat cereal
1/4 cups butter
1/4 cup worchestershire sauce
1 tbs. garlic salt
1 tbs. onion salt
1 tbs. barbecue spice

Turn oven to 225 degrees. Break pretzel sticks into smaller pieces, mix with peanuts and dry cereals in a large broiler pan. Heat butter until melted and stir in Worchestershire sauce and other seasonings. Pour over cereal mixture and mix thoroughly.
Bake one and one-half hours, stirring every half hour. Makes 4 quarts.

Party Quickies

3/4 cup butter
2 1/4 cups flour
1 teaspoon salt
5 eggs
1 cup grated cheddar cheese
1/4 cup grated romano cheese
1/2 pint whipping cream
1/2 cup milk
1/4 teaspoon pepper
1/4 teaspoon marjoram
1/4 teaspoon oregano
2 tablespoons flour for filling
Combine butter, 2 1/4 cups flour and 1/4 teaspoon salt. Cut in butter finely. Mix in 1 egg to form dough. Divide into 36 equal portions and press each portion into small buttered (1-ounce) tart pan. Combine cheeses, 4 eggs, cream, milk, 1/4 teaspoon salt, pepper, marjoram, oregano and 2 tablespoons flour. Spoon into tart shells, dividing cheese equally. Bake in 350 degree oven about 35 minutes or until light golden. Carefully remove from pans. Serve warm with various garnishes on top. Makes 3 dozen.

Note: Sliced ripe or green olives, baby shrimp, crisp crumbled bacon may be added to the tarts after filling with the basic mixture. When baked garnish top with the same ingredient.

Bread Making Workshops Planned

Three workshops on bread making will be held in Malheur, Washington, and Payette Counties in early December, according to Helen Conner, Malheur County Extension Home Economist. Each workshop consists of three two-hour sessions.

The workshops will include information and demonstrations on basic bread making techniques as well as sourdough, breads made with variety grains, new time-saving methods, and holiday breads and ideas.

The meetings are scheduled as follows: Thursday mornings at 10 a.m. on Dec. 5, 12, and 19 at the Washington County Agents Office in Weiser.

Each of the three sessions will be repeated on the same Thursdays at 7:30 p.m. in Ontario.

The first Ontario session will be held at the Fair Grounds while session two and three will take place at the Weese Building at TVCC.

On Friday, December 6, 13 and 20, similar sessions will be held in Payette at 1:30 p.m. in the basement of the Post Office.

Mrs. Conner explains that the workshops are being offered in a cooperative effort between Idaho and Oregon Extension Services. All sessions are free. Anyone interested is urged to attend one or all three workshop sessions.

Bread baking has become increasingly popular as food prices rise, and as people become more interested in returning to the natural trend in foods.

Young people seem to be especially interested in learning about bread making.

Interested persons may obtain additional information by calling the Extension Office in any of the three counties.

Town And Country Garden Club

The Town and Country Garden Club met Thursday, November 13 at the home of Alice Payne in Nu Acres. Dessert was served to eleven members and one guest, after which the business meeting was held. Mae Schireman, president, explained and appointed committees for a City Beautification Project in which the club will be taking part.

Plans were made for the Christmas luncheon and gift exchange to be held Thursday, December 12 at the home of Velma Stam.

Fern Adams presented the lesson on the art of growing and the care of Bonsai trees. It was most interesting and several members expressed their plans to try this art.

We are happy to have Lyn Dohner as a new member.

Newell Heights

BY DALE WITT
PHONE 372-2183

Mr. and Mrs. Peter McCall and Lisa of Boise were Sunday evening guests of her uncle, Mr. and Mrs. R. D. McKinley.

Mrs. Gene Simpson and Cindy visited in the Ray Simpson home Friday afternoon.

Linda Simpson was a Sunday dinner guest in the Gene Simpson home.

Mrs. Scott Gillette was a Thursday afternoon caller in the Alfred Simpson home and Brenden Pratt was a Sunday afternoon caller.

Cornelius Barton visited in the Leon Chamberlain home Friday evening.

Wednesday afternoon visitors of Mrs. Dale Witt were Mrs. Earl Ervin, her daughter, Mrs. Robert Radford and two children of Kingman Kolony and Mr. and Mrs. W. C. Van DeWater of Big Bend.

Mrs. Jane Roseback Martin of Bellingham and daughter Kimberly were Saturday evening visitors of Mrs. Tina Schiemer.

1975 Chevrolet Pickup Truck

Chevrolet pickup trucks for 1975 combine a more stylish look with hauling utility and offer important engineering advances for smoother and more economical operation. Featured are new front end styling with new grille, four trim levels, including new top-of-the-line Silverado, along with Cheyenne and Scottsdale series. Among engineering advances are catalytic converters, using unleaded fuel, for trucks of under 6,001 GVW, a re-designed 250-cubic inch six-cylinder engine, with engine usage based on GVW ratings, and a line of improved optional equipment offering wider availability.

Oregon Veterans Paid \$40 Million In Taxes

The Oregon Department of Veterans' Affairs paid \$40,272,926 in 1974-75 taxes November 15 on the properties of 65,197 war veterans who have State farm and home loans, H. C. Saalfeld, director, said today.

The average veteran's tax payment was \$617, which was \$60, or 10 percent, above last year's tax of \$557. Last year's total payment was \$32,192,631 on 57,800 properties.

In Malheur County, the tax on 518 properties this year was \$318,652.17, the average tax here was \$615, against the statewide average of \$617.

Mr. and Mrs. Dick Krieger went to Boise Thursday evening to see Mrs. Thurman Piercy who was in the hospital there.

Mrs. Dick Krieger attended a luncheon at the Ramada Inn in Boise Saturday.

Sue Kaatz Joins County Extension Staff

Sue Kaatz has joined the Malheur County Extension office staff as a 4-H Youth aide on a temporary, part-time appointment. Mrs. Kaatz will assist the Extension Agents with the maintenance and recruitment of 4-H leaders and members; with new 4-H club organization; with coordination and planning of continuing 4-H events and activities such as horse field day and livestock training; and with 4-H youth promotion and involvement of low income and minority youth.

Mrs. Kaatz has a B.S. degree in Education from the University of Montana with minors in natural science, history, and political science. She has been a high school teacher in Idaho and Washington and a substitute teacher in Ontario. As a youth, she was a seven year 4-H member in Montana carrying dairy, horse, entomology, foods, clothing, home improvement and junior leadership projects. Also she qualified for State 4-H club congress twice in demonstrations.

During Mrs. Kaatz's seven years in Malheur county, she has been an active 4-H leader serving on a variety of 4-H advisory committees, member of Snake River Riders Riding Club, TVCC Faculty Dames, and CCD instructor at Blessed Sacrament Catholic Church. Mrs. Kaatz's husband, Bill, is an instructor at TVCC and they have three children in Ontario schools, Lisa, Eric, and Mary Lynne.

The temporary position was created by Oregon State University for the 1974-75 4-H Youth year so that Malheur county may continue toward the ideal goal of offering the 4-H Youth program to all youth of the county regardless of race, color, or creed, states Carol Knothe, Extension agent.

Because Ron Mobley, Extension Agent, is on sabbatical leave until the fall of 1975 pursuing a graduate degree at Oregon State University, it became necessary that the Malheur County Extension have assistance in the 4-H Youth program, she noted further.

Lucy Castro, reporter.

5th Grade Field Trip

On Wednesday, November 13, Mrs. McKie's fifth grade class went on a field trip to the fossil beds. When we arrived we started up the hills looking for all kinds of rocks. We went to where the fossils were so we picked up some fossils. We ate lunch then came back to school.

Mr. and Mrs. Stan Thomas called on Ralph Thomas in the Caldwell Memorial Hospital Wednesday evening.

Mrs. Martha Spears was taken to the Holy Rosary Hospital in Ontario Monday morning.

Mrs. Dyre Roberts entertained the Happy Dozen Pinochle Club at her home Friday afternoon. Mrs. Anna Long was a guest player. Prize winners were Bernice Toomb, Gnetty Piercy, Edna DeHaven and Dorothy Fox.

Mrs. Sam Pollard Jr. was taken to the Holy Rosary Hospital in Ontario Sunday afternoon and underwent major surgery Monday morning. Mr. and Mrs. Noel Tuppeny are caring for Shane and Michael.

The Big Bend Home Extension Study Group met Tuesday afternoon with Mrs. Bruce Braseth. The lesson "Your Sewing Machine" was given by Mrs. Noel Tuppeny and Mrs. Varner Hopkins.

Mrs. Rex Smith's home was the first meeting place for a new Bible Study Group Monday morning. Mrs. Tim Tallman will be the leader.

Mrs. Dyre Roberts called on Mrs. Marie Douglas and Mrs. Florence Henderleder in Nampa Tuesday.

BIG BEND

Big Bend - The Women's Association of the Adrian Presbyterian Church met Thursday afternoon with Mrs. Leroy Bennett. Mrs. John Packwood assisted. There were 12 ladies attending.

Mrs. John Luciano and Cindy returned to their home in Denver Wednesday after visiting her parents, Mr. and Mrs. Noel Tuppeny.

Mr. and Mrs. Luit Stam of Newell Heights were Friday supper guests of Mr. and Mrs. Jim Miller in honor of Dirk's birthday.

Mrs. Stan Thomas called on Ralph Thomas in the Caldwell Memorial Hospital Wednesday evening.

Mrs. Martha Spears was taken to the Holy Rosary Hospital in Ontario Monday morning.

Mrs. Dyre Roberts entertained the Happy Dozen Pinochle Club at her home Friday afternoon. Mrs. Anna Long was a guest player. Prize winners were Bernice Toomb, Gnetty Piercy, Edna DeHaven and Dorothy Fox.

Mrs. Sam Pollard Jr. was taken to the Holy Rosary Hospital in Ontario Sunday afternoon and underwent major surgery Monday morning. Mr. and Mrs. Noel Tuppeny are caring for Shane and Michael.

The Big Bend Home Extension Study Group met Tuesday afternoon with Mrs. Bruce Braseth. The lesson "Your Sewing Machine" was given by Mrs. Noel Tuppeny and Mrs. Varner Hopkins.

Mrs. Rex Smith's home was the first meeting place for a new Bible Study Group Monday morning. Mrs. Tim Tallman will be the leader.

Mrs. Dyre Roberts called on Mrs. Marie Douglas and Mrs. Florence Henderleder in Nampa Tuesday.

We are now distributors of LOOMIX the liquid feed supplement based on natural ingredients

Of the many ways to provide supplementation, liquid has proved to be one of the simplest, most efficient and most economical. And, of the liquid feed supplements available, only Loomix is basically different in its formulation.

The protein level of Loomix is intentionally low—approximately 13% to 22%, and is 85% digestible. This is because dairy rations generally contain ample protein, and it is acknowledged by most nutritionists that energy is the key to dairy supplementation.

The Loomix patented concept of consumption control is based on the palatability of the mix. There is no dependence on salt, which tends to dehydrate the animals, or on large amounts of urea, which add wasted protein to the ration. Consumption control by degrees of sweetness or sourness is so effective that you can regulate intake both by the animals' needs and by your budget.

The ingredients in high-energy Loomix include condensed beet solubles, molasses, fermentation end liquor, hemicellulose extract, phosphoric acid, trace minerals, organic iodine and vitamins. Non-protein nitrogen sources, such as urea, are used very sparingly, and in many mixes, not at all.

LOOMIX service . . . efficiency and economy

As a Loomix customer, you will be served by your local Loomix distributor—an agribusinessman like you. When your cattle are fed free-choice, service automatically includes checking and filling troughs. The delivered price is the fed price. At delivery time, he checks to see if your cattle have consumed too much or too little, and adjusts the palatability of the Loomix delivered accordingly.

There is no need, when feeding free-choice, to invest in storage facilities, maintain equipment or vehicles to distribute the supplement, or support unnecessary manpower. This means significantly reduced operating costs in labor and equipment. In addition, durable, lightweight fiberglass troughs are available on a lease-purchase program. There are no hidden costs. When the troughs are paid for, they're yours.

Loomix can also be mixed with the ration in mixer trucks, feed wagons or sprayed on roughage. Bulk tanks and equipment are available. You can depend on your local Loomix dealer for many extra services. His records will supplement your own, and he can be of real help to you by offering professional, individualized ration service.

Army Offers Jobs In Intelligence Field

The US Army Intelligence Command is a major Army Command and employs thousands of people in a variety of jobs. Intelligence analysts process and disseminate information to commands, aiding them in accomplishing their mission. In areas all over the world they use specialized non-mechanical techniques in collecting and reporting military, economic, political, sociological and geographical information. By analyzing these they are able to establish military objectives and plan methods of accomplishing them.

Many analysts, repairmen, and crewmen serve as principal non-commissioned officers of a company within the US Army Intelligence Command. Since the command furnishes worldwide intelligence support to both the Army and other government agencies, intelligence personnel have the opportunity to work in practically any country in the world. The sophisticated organization employs advanced materials and techniques from satellites and computers to new individual field operations equipment, constantly responding to the ever-changing requirements of the Army. Those interested in challenging career in intelligence can contact Sergeant Briones at 1147 SW Fourth Avenue, Ontario, Oregon, for further information, or call 889-5521.

The Army is offering young men and women an opportunity to break into the intelligence field as an intelligence analyst, editor, investigator or censor, reports local Army representative Staff Sergeant Ruben Briones.

There is nothing more critical to the making of national defense decisions than a vigorous intelligence effort. It begins with information, the raw material from which intelligence is produced. Information is unevaluated material of every and any description. When information has been collected, analyzed and evaluated in accordance with the Army's policies and needs, it has been transformed into intelligence.

"Military intelligence has openings today for personnel with a multitude of technical and personal backgrounds, ranging from technical skills to dealing effectively with people," Sergeant Briones said.

Speaking To The Consumer

Licenses Required. Licensing of firms and individuals who provide services is one way governments can protect consumers. In Oregon, both landscape contractors and TV repairmen must be licensed to do business. So ask to see his license when you deal with one. If he doesn't have a license, report his name to the appropriate licensing board in the Department of Commerce.

For more information about where to go with a consumer complaint or to find out about licenses, write to Consumer Services Division, Department of Commerce, Salem, Oregon 97310, and ask for a copy of the leaflet, "Where to Go for a Specific Complaint."
