For her wedding, the bride chose an A-line, empire-style gown of soft white knit featuring long sleeves with ruffled cuffs. Ruffles also accented the high collar and front of the dress. **SAGE OF NU ACRES**

by Lynn Dohner

Town and Country Garden Club met Thursday at the home of Mrs. Chet Sage in Nyssa. Armine Hartman did the show and tell bit with several terrariums and directions on how to assemble and care for them.

New to some was the fact that one can add to the tiny garden in a jar a live baby turtle or frog or the like! Wondering what they'd feed on, we thought maybe they'd eat the plants. A little pond would have to be added, thimble size, and insects allowed to flourish for feeding purposes.

Interesting to know that a terrarium should be planted in layers with fine rock on the bottom, charcoal in the middle, and plant mix on top. Seems the plants want their feet dry but water available underneath.

The club has asked me, L. Dohner, to write an essay for the annual horticultural award. It is supposed to be done by a devoted gardener but they said I could give the negative aspect of gardening since most of mine seems to work out that way.

Chatted with Kaipn ruckett on the phone about his pack animals. He says he is down to three female donkeys now, and that they are stubborn but gentle and good natured. They can carry as much on a trip as a saddle horse, he said, and are good companions and helpers when he takes to the hills and roams around looking for new places and fresh meat. He said he isn't planning on any new colts until times get better and hay cheaper.

Getting hooked on Bible study groups. Fantastic how close you feel to these people in the Body of Christ. Go to one with Methodists on Tuesdays, one at Meridian Gospel Tabernacle on Wednesdays, to Bible Study Fellowship in Caldwell on Thursdays and to the Charismatic prayer group at Mary Kay school in Ontario on Fridays.

Some people are getting kind of nervous about the world situation, possible depression, and personal problems such as they never dreamed they'd have a few years ago. But that grand old Book, the Bible, is more up-to-date than tomorrow and is giving us answers and full confidence that God is in charge of things. He hasn't let go of this old world, though a lot of people have let go of Him!

Mr. Ben Bolin, whose mobile home is on the Cecil Evans' place, is currently at the Veteran's Hospital near

Portland for open heart surgery. He is the brother of Mrs. Robert Percy of Apple Valley.

Mr. and Mrs. Cecil Evans attended a Lay Witness mission last week at Fruita, Colorado. Among the eighteen Lay Witnesses assembled there were people from Nebraska, Kansas, Arizona, New Mexico, Montana, Colorado and Idaho. The host church was Methodist.

Enroute to the meet, the Evans' visited their son and his wife, Mr. and Mrs. Roy Evans at Massacre Rock State Park near American Falls, and their daughter and son-in-law, Mr. and Mrs. Terry Stigiles at Hazelton, Idaho.

Then driving through Price, Utah, Cecil saw a Methodist Church and felt compelled to enter. There a man was just completing the installation of a new electronic Allen organ.

An unusual feature of it is a dial which enables one to raise or lower the pitch according to need. Mrs. Evans was permitted to play that organ and introduced to it's method.

At the Fruitland Church, Mrs. Evans was to play the organ for services and was overjoyed to find that it had a new Allen organ, and she was especially grateful that she had had a recent lesson on how to handle it.

Returning to Idaho, the Evans' came through a snow storm on the Utah-Idaho border sans difficulty.

Sunday, Mr. and Mrs. Bob Shaw of Nu Acres dined with Mr. and Mrs. Ray Winters of Harper at Anderson's Cafe in Ontario. Mrs. Winters is Mrs. Shaw's sister.

The Shaws also visited Mr. and Mrs. Bill Hite in Vale. Mr. Hite is Mrs. Shaw's brother. Accompanying them was Shawn Young, the Hite's grandson.
