

### Tickets Available For TVCC Fine Arts Play

Tickets are now available for **The Diary of Anne Frank** which will be presented as part of the Fine Arts Week celebration on the Treasure Valley Community College campus.

The play is a sensitive documentary taken from the real-life legacy left by a spirited and straightforward Jewish girl during the years she and her family try to exist in Belgium under Nazi occupation.

Director Wayne Phillips describes the play as being endowed with so much beauty and depth of feeling that it is difficult to imagine it coming from true experience.

"It is strange," he says, "how the shining spirit of a young girl now dead can filter down through the years and inspire a group of young actors to successfully portray the war-torn society of World War II."
