Campsite Reservations Start This Saturday

The State Park Campsite Reservation and Campsite Information Systems will begin operations at 12:01 a.m., Saturday, May 17 and remain open until 5 p.m. that day, David G. Talbot, state park superintendent, said today.

Following this initial day of operation, both systems will be in operation from 8 a.m. to 5 p.m., Monday through Friday. The Reservation System will remain in operation until August 31 while the Information system will close on August 29.

Campsite reservations may be made by telephone, letter, or in person at the park. The reservation must be made at a specific park for use at that particular park. Reservations may be made for a future period or for immediate use and no waiting period shall be required between the time a reservation is made and when it is utilized.

Talbot explained that this year 15 state parks will be participating in the reservation program. Last year there were 18 parks engaged in the program but Milo McIver, Lapine and Umpqua Light-house State Parks were dropped because of the relative high cost factor per reservation.

The Information System enables campers to make toll-free calls from anywhere in Oregon to Salem and receive current information on the availability of campsites, weather conditions and other pertinent items concerning state parks. The toll-free number is 1-800-452-0294. If there is any difficulty in dialing this number direct, callers are requested to ask the operator for assistance. Toll-free calls from out-of-state cannot be made to this number. Talbot emphasized that campsite reservations cannot be made through the Information Sys-

tem but only at the park where the reservation is desired. He also stressed that the campsite availability information provided by the center was for a specific time and day only and is subject to continual change.

There is a \$1.00 reservation charge payable upon arrival at the park. Talbot said. The basic reservation rules are similar to those of last year, he continued, but there have been changes in park regulations and rules. These apply to pets, check-out time, length of stay, firewood charges and other items, and Talbot advised campers to check the rules so they will know what can and cannot be done.

The parks participating in the reservation program, number of available sites, telephone numbers, and mailing addresses follow:

Beachside Park. Available Sites: 80; Phone: 563-3023; Mailing Address, 842 S.W. Government St., Newport, Or 97365

Oregon Agriculture Service Report

Much has been made in the media of the decline in the cost to consumers of foods grown on U.S. farms. The March "market basket" cost dropped \$9.00 from February's record high. The farmer's share dropped \$10, and the middleman's share rose \$1.00. Actually, the market basket indicator in-

cludes less than 90 percent of what the average household buys to eat. No imported food or seafood is counted. The March market basket cost consumers \$74 more than in 1974, with the farmer's share dropping \$56. The middleman's share increased \$130 on an annual basis.

All stocks of wheat in the U.S. are estimated at 638 million bushels on April 1. Farm stocks of 250 million bushels are judged equivalent to 40 percent of the total supply. Farm holdings are up about 30 percent from a year ago. With the exception of 1974, stocks are the lowest since 1952.
