Oregon Agriculture Service Report

Good news for potato growers is the release by the federal government of the herbicide Sencor. It is rated one of the most effective on the market. Unfortunately, there is a shortage according to eastern sources.

USDA vets are urging livestock buyers to insist on getting health certificates with all animals purchased. "Don't buy trouble," the USDA advises.

Despite the drop in world agricultural prices, the value of U. S. farm exports is still expected to reach a record \$22 billion this fiscal year.

Now in Congress is a bill to increase the FHA loan limit from \$50,000 to \$100,000. Inflation and high farm costs are prime factors.
