40 YEARS AGO

The Nyssa and Adrian troops of Boy Scouts returned Monday evening from a week's camping trip held under the pines at Warm Lake in Idaho. There were nine scouts from Nyssa and nine from Adrian attending

the camp; the Nyssa boys being in charge of Leo Hollenberg and Adrian boys having John Holly as their scout-master.

No accidents happened to mar the pleasure of the trip and scouting leaders say that serious accidents are unlikely at Warm Lake, due to the way the camp is conducted and the location. Both the boys and leaders are well pleased and feel that considerable good has been accomplished during the week.

Two of Nyssa's most popular young people were united in marriage on Sunday, July 19, when Thos. S. Newby and Miss Ruby Minton were made husband and wife. The ceremony was performed at high noon at the Methodist parsonage in Payette, Rev. Hall officiating.

Both contracting parties have grown from childhood in this community and have a host of friends who will wish them a pleasant voyage over the matrimonial sea. Mr. Newby has accepted a lucrative position with Morrison-Knudson, Boise contractors, and will be employed during the summer and fall near Meacham, at the summit of the Blue Mountains on a railroad contract.

Welfare Investigative Unit Reports Savings

Public Welfare's Investigative Unit reported a projected savings of \$313,586 for May and June of 1975 due to their "extra efforts" to complete investigations, according to Nick Peet, Public Welfare Division administrator.

Some 558 investigations were reported in the months of May and June and 669 investigations were completed. Of those completed, 34 were referred to local District Attorneys for criminal prosecution.

A savings of \$285,866 is projected due to either the closing of ineligible welfare grants or a reduction in the size of grants for reasons disclosed through the in-

vestigations. Another \$27,720 in overpayments is also expected to be recovered.

"Prior to May, the Investigations Unit had been receiving more requests than they could fill," said Peet. "Now, even though the number of investigation requests have continued at the same rate, the staff has been completing more investigations than have been requested enabling them to substantially reduce their backlog of cases," he continued.

"It should be noted how few investigations are required in comparison to welfare's caseload of over 150,000 Oregonians," he said.
