

THE SCENIC GLORIES OF OREGON are illustrated in the latest series of checks in the Oregon Artists Collection, distributed by the United States National Bank of Oregon. The artist for the current series, fourth in the group sponsored by the bank, is Lorenzo Ghiglietti, well-known Portland painter.

Subjects include Mt. Hood, the John Day country, Glacier Lake in the Wallows, Crater Lake and Yaquina lighthouse. Other check series have been famous riverboats, pioneer Oregon industries and wildflowers of the state.

Activities In Arcadia

By Nell Bowers

ARCADIA - Mr. and Mrs. C.R. Kesler, Sr., Sally and granddaughter Saralee Bunn went to Lake Tahoe, August 14. They went to visit Mr. Kesler's brother and family. They did not know that they met the brother on the highway on his way to visit a sister in Canada. A niece was at home when they arrived, so they spent the time with her and several other relatives in the area. They enjoyed a trip on the lake which was very beautiful. They arrived home Friday, the 22. On Saturday evening the brother Ed Kesler, who had gone to Canada, arrived to spend the weekend with them. With him were Scott Kesler, a grandson and a friend of Scott, Craig Rauze.

Mr. and Mrs. Tom Snider have moved into the Bakker house vacated by the McCormicks. He is a teacher in the Nyssa school. They have one little boy.

Mr. and Mrs. Garmt Zwart of Winschoten, Holland, left for home Sunday noon on a plane from the Boise airport. Mrs. Zwart is a sister of Mrs. Arie Bakker. They had been here a month, having arrived on July 27. They enjoyed their first visit to the United States, immensely, except for the hot weather. They took in all the sights around Malheur county and the last week of their stay, they all went to western Oregon. They toured the Redwoods, Crater Lake, The Oregon Coast, and came home by way of the Columbia River.

Amy Stradley spent the day, Saturday, visiting her daughter, Ethel Mae Dail.

Mr. and Mrs. Otis Bullard and Mr. and Mrs. Phillip Davis went to La Pine for the weekend. Mr. and Mrs. Davis are visiting here for a time this summer. Mrs. Davis is a sister to Pearl Bullard.

Mr. and Mrs. Otis Bullard went to the Owyhee Community Church, Thursday evening, to a wiener roast.

Mr. and Mrs. Everett Edmunson enjoyed the Idaho State Fair, Monday.

Amy Stradley went with the "Son Shiners" Thursday evening to the New Plymouth Fair, where the group entertained.

Mr. and Mrs. Johnnie Servin of Ontario visited Mr. and Mrs. Clyde Bowers Monday evening.

Joe Brown called at the Clyde Bowers' home Friday. Mr. and Mrs. Clyde Bowers visited the Don Bowers family in Parma Saturday evening.

Mr. and Mrs. Garmt Zwart and Mrs. Arie Bakker visited Nell Bowers Friday afternoon.

Steve and Bernice James, of Eagle, Idaho, visited Mr. and Mrs. Parley Feik Saturday.

Carolyn Pruyn called on Nell Bowers Thursday afternoon.

Mr. and Mrs. Clyde Bowers visited Mr. and Mrs. Ted Howe on Oregon Slope Tuesday afternoon.

Esther Stephens was a guest for Sunday dinner with Mr. and Mrs. Henry Carroll. Other guests were Mr. and Mrs. Barney Deville of Cow Hollow.

Mr. and Mrs. Clyde Bowers visited Mr. and Mrs. Ted Bowers Thursday afternoon.

Mr. and Mrs. Frank Walker visited last week with her parents, Mr. and Mrs. Neil Petterson. Frank left the latter part of the week for Provo, where he will attend school the coming year. His family will follow as soon as their new home is ready.

Mr. and Mrs. Neil Petterson and Tony spent a weekend at Warm Lake, a week ago at Reardon's North Shore Lodge. The event was a square dance meet of Neil's Boise Square Dance Club. Twenty-three families attended.

Mr. and Mrs. Neil Petterson had a family supper, Saturday evening. Guests were Mr. and Mrs. Mike Petterson, Mr. and Mrs. Frank Walker, Mr. and Mrs. C.R. Kesler, Sr. and Sally. Surprise guests were Uncle

Ed Kesler and grandson Scott and Scott's friend, Craig Rauze.

Mr. and Mrs. Merrill Robbins returned Saturday night from a trip to South Dakota and the Middle West. They were gone two weeks.

On Sunday, Mr. and Mrs. Merrill Robbins were Sunday dinner guests of Mr. and Mrs. L.E. Robbins.

Your County Agent Says

By Ray Novotny

For the past several years we have been hearing a lot about pre-conditioning of calves, briefly this is the practice of immunizing calves against those diseases causing severe losses after weaning, such as shipping fever, red nose, B.V.D. and perhaps others known to be prevalent in the area. Quite often buyers are willing to pay a premium for those pre-conditioned calves. Some ranchers pre-condition those calves they intend to carry over themselves so they won't have a severe outbreak of one of the costly diseases. This of course is a matter of choice, a management decision each operator must make depending on his own circumstances. If it is going to be done it should be done prior to weaning to avoid the shock these calves go through at weaning and to keep from working them during the rush period.

For those areas where you want nothing to grow - soil sterilents should be applied in the fall prior to fall rains and winter moisture so they will be leached into the soil with natural moisture. Care should be taken when using soil sterilents. Don't apply near trees or shrubs you wouldn't want to lose or on field borders where they might be washed into good cropland by a heavy supply of moisture. Remember, these materials are soluble and do move with water.

First National Offers New Service

First National Bank of Oregon is the first bank in the state to offer its savings account customers a new third-party plan.

The plan is effective September 1.

The program allows savings account customers to authorize First National to disburse funds by a cashier's check on a pre-determined day to a third party.

The new program holds significant benefits to the savings account customer making a large payment to a third party while desiring to accumulate interest on the money up to the payment day.

All instructions to the bank must be made in person or in writing and no authorizations will be accepted by telephone. The normal charge for a cashier's check will be charged to the customer.

THIS SCORPION, measuring 3 1/2" long was found by Ernie Apodada, Jr. while he was building fence for the BLM near Homedale.

FOOD MARKETING ALERT

USDA
Agricultural Marketing Service

As of mid-August, the supply situation in September is expected to look like this . . .

RED MEATS —

Beef . . . adequate. Production expected to be about 5% over Sept. 1974 levels. Output moderately above the 1972-74 average for Sept. Cows and other forage-fed beef will continue to account for increase from year earlier.

Pork . . . light. Output expected to be about 20% less than year earlier and well below 1972-74 Sept. average.

POULTRY & EGGS —

Broiler-fryers . . . adequate. Production expected about 8% over both the 1974 and the Sept. 1972-74 average.

Turkey . . . adequate. New crop marketing expected down 9% from Sept. 1974 and 11% below the 1972-74 average. Sept. 1 cold storage holdings expected well below record Sept. 1974 holdings but near 1972-74 average.

Eggs . . . adequate. Sept. output expected 4% under a year earlier, and about 6% less than Sept. 1972-74 average.

MILK & DAIRY PRODUCTS —

Fluid milk, dairy products . . . adequate. June production was below 1972-74 average. Examples: milk, down 2%; butter, 9%; American cheese, 5%; nonfat dry milk, 14%. July milk production was 2% below July 1972-74 average. Commercial stocks of butter, nonfat dry milk, and American cheese in June were well below very high levels of June 1974, but butter and cheese holdings were 8% and 35% higher than 1971-73 averages.

FRUITS, VEGETABLES, NUTS

Fresh Bartlett pears . . . plentiful. Crop (in Calif., Ore., and Wash.) is forecast at 5% above last year's and 8% over past 3-seasons' average.

Terminology used: PLENTIFUL — More than enough for requirements. ADEQUATE — Enough to meet needs. LIGHT — Less than adequate; not enough for normal needs.

*MA-17-75 August, 1975

Production in other states is 40% greater than last year and 27% above 1972-74 average. **Fresh peaches** . . . adequate. Total U. S. production — except for Calif. clingstones, used mainly for canning — is estimated at 12% above last season and 15% ahead of past 3-seasons' average. **Plums and nectarines** from Calif. and fresh prunes (purple plums) from Mich., Wash., Ore., and Idaho . . . adequate. Plum production is estimated at 20% below record 1974 crop, but 3% above past 3-seasons' average. Nectarine output was 13% below record 1974 crop, but 5% more than past 3-seasons' average. **Fresh prune production** is estimated at 9% above last year, and 29% greater than 1972-74 average. **Fresh grapes** (mainly Tokay, Thompson seedless, and Concord) . . . adequate. Forecast places grape production at 2% above last year and 17% above past 3-seasons' average.

Frozen vegetables . . . plentiful. June 30 holdings were 7% more than year earlier and 23% greater than 1972-74 average. **Frozen snap bean and sweet corn** holdings are particularly large, with inventories up 28% and 18%, respectively. **Frozen potatoes** . . . plentiful; June 30 stocks 63% greater than year ago and 53% more than 1972-74 average.

Raisins . . . plentiful, reflecting increased 1974 production and prospects for a second-largest-ever 1975 grape crop. **Dried prunes** . . . plentiful, with 1975 crop estimated slightly larger than last year's.

Canned non-citrus fruits . . . plentiful. Examples (June 1 stocks, compared with year

earlier and June 1972-74 average): **canned peaches**, 256% larger than 1974, 118% above 3-year average; **canned pears**, 109% greater than 1974, 41% above average; **applesauce**, 55% more than both 1974 and 3-year average; **canned apples**, 34% larger than 1974, 53% above average.

Canned green beans . . . plentiful. July 1 canners' stocks were more than double those of a year earlier and the 1972-74 average holdings for that date. **Other canned vegetables** . . . adequate, with 1975 new pack for most major items now on market.

Fresh potatoes . . . adequate. Summer crop harvest will peak in Sept. Production is 17% below last year. Supplies should increase after fall crop harvest, even though total acreage is 8% less than last year's high level. **Onions** . . . adequate. Seasonally increasing harvest of storage crop is relieving summer shortages. Acreage in storage areas is only 1% below high level of 1974.

Peanuts, walnuts . . . plentiful, with record crops topping previous records in 1974 and 1973, respectively, by 2% and 9%. **Almonds** . . . plentiful, due to record 1974 crop. Output in 1975 to be about 27% under 1974's.

GRAINS & LEGUMES —

Wheat . . . plentiful. Production expected to be 19% greater than the 1974 record crop and 27% higher than 1972-74 average. **Rice** . . . plentiful. Production is forecast at 9% above 1974 crop and 28% above 1972-74 average. **Dry beans** . . . plentiful, expected to be 6% below last year's record crop, but 6% above 1972-74 average. **Dry peas** . . . plentiful. Crop expected to be 29% below last year's, but even with 1972-74 average.

Corn . . . plentiful for food use. Production expected to be 26% higher than last year's crop and 11% higher than 1972-74 average.

There's a better way to finance your car.

FirstLoan.

If you've been thinking about buying a new car or a better car, make sure you talk to us about FirstLoan. It's a better way to borrow for lots of different reasons.

To begin with, FirstLoan is a simple interest loan. This means that your interest is figured each month on your remaining balance. If you pay early or make a double payment, you save money. And you can pay your entire loan off ahead of schedule and really save money.

Another reason FirstLoan is a better way to borrow is there's no late charge for a late payment. You pay only the interest for those few days the payment is late.

What's more, with a FirstLoan, you won't need a payment book. Instead, we'll send you a statement every month, about ten days before your payment is due. A simple, convenient statement that tells you exactly where you stand. How much money you still owe and how much interest you've paid.

Whether you need money for a car, a vacation, home improvements, or a dream, ask for a FirstLoan. It's a better way to borrow. And it's available only at First National Bank of Oregon.
