

NEWS FROM BIG BEND

\*\*\*\*\* BY GOLDIE ROBERTS \*\*\*\*\*

**MEALS ON WHEELS?** Pictured is Pastor Walter Schmidt delivering a meal to Myrtle Kurtz. At present two local pastor wives are providing meals for her, but they hope to enlarge the program if there is enough interest. The plan is to provide five hot noon meals per week, prepared by the Malheur Memorial Hospital and delivered by volunteer help.

The recipients need not be senior citizens, but anyone who because of age, illness or injury has difficulty in preparing nutritious meals for themselves.

The cost will be nominal, and anyone interested should call the Information and Referral Service for Malheur County, 889-7651; or Pastor Schmidt, 327-3331.

A view From the Capitol

We talk a great deal about the quality of life in Idaho.

There also is frequent mention of the economic progress and growth of our state.

The two are related—and they need not be in conflict.

I discussed this subject in a recent talk to the Idaho Association of Commerce and Industry, meeting in Twin Falls.

I called attention to the growth that has come to Idaho in the past four years, as contrasted with the decade between 1960 and 1970.

In that ten-year period Idaho's population increased by only 45,376. During that same period an estimated 42,000 persons left the state, many of them the young people who had been reared and educated in Idaho but were unable to find worthwhile employment.

In the first four years of the present decade an estimated 51,000 persons have moved into our state and the population has increased by 86,000, almost double the gain in the preceding ten years.

It is no longer necessary for our young people to go outside the state to find work, and that fact is largely responsible for the more rapid population increase since 1970.

Per capita personal income in Idaho increased by 61.1 percent between 1969 and 1974.

Idaho's per capita average was only 82 percent of the national average in 1969, but in 1974 it was more than 90 percent of the national figure.

states in the nation in which the increase in personal income in 1974, as compared with 1973, exceeded the national increase in consumer prices.

These statistics prove that Idaho is making progress in its economy.

But they would be meaningless as far as Idaho's well-being is concerned if their attainment had been at the expense of our quality of life.

When I became governor of Idaho in 1971, I said in my inaugural address that the accomplishments in the 1970 will be the bedrock of hope for our people in the 1980s and for all time to come. I also spoke of the need of preserving the quality of life in Idaho.

I believe we have been successful in our efforts.

Despite a recession and energy problems over which this state has no control, we have been building the foundation for an even greater Idaho in the decades to come. And at the same time, we are maintaining our quality of life at a level that will be welcomed by our children and grandchildren.

OANS

OC&LRS survey of grain stocks on October 1 revealed 60 million bushels of wheat in all Oregon storages. This is 25 percent above last year's inventory and is the 4th largest since records have been kept. This is the largest on-farm storage on record. Off-farm wheat holdings were 28 percent above the same period last year.

Quick And Easy

It's easy now to add interest and imagination to even a meatless meal by serving tender, towering patty shells with a savory egg and mushroom filling. Chances are the family won't even miss the meat. And buttered asparagus, tomato aspic salad with a rhubarb cobbler will round out this colorful and tasty meal.

EGG ELEGANT

- 1 pound mushrooms
- 4 tablespoons butter
- 3 tablespoons flour
- 1/2 teaspoon salt
- 1/4 teaspoon pepper
- 1/2 teaspoon dry mustard
- 2 1/2 cups milk
- 6 to 8 hard-cooked eggs
- 1 package (6) frozen patty shells, baked

Wash, peel and slice mushrooms. Cook in melted butter until tender, about 8 minutes. Blend in flour and seasonings. Gradually add milk and cook, stirring constantly, until thickened and creamy. Add eggs. Spoon into warm Pepperidge Farm patty shells. Garnish with anchovies, if desired. Serves 6.

Vandalism Incidents Under Investigation

A Saturday evening burglary in which alcoholic beverages were taken or consumed on the premises is under investigation by the Malheur County Sheriff's department.

Sheriff's officers reported this morning that the home of Betty Jean Talbot, Route 1,

Nyssa, was broken into between 5 p.m. Saturday and 12:45 a.m., Sunday. One of the windows of the front door was broken out allowing the door to be unlocked.

Wine and whiskey was consumed in the kitchen of the residence, a statue in the dining room was broken and

cigars, whiskey and beer were missing.

Sheriff's department personnel were advised that the mailbox at the Glenn Brown residence, Route 1, Nyssa, was removed from its standard and crushed sometime Friday evening.

Your County Agent Says

By Ray Novotny

Has Your Soil Had A Physical Today's input costs make soil tilth more vital to the farmer than ever before. "Soil tilth" is a term long used to relate soil structure to plant growth.

The best seed, fertilizer, pesticide, etc. cannot do their best if soil structure is not at its best. It determines how well plants grow and how efficiently crops use fertilizer.

When soil particles are so loose they dry out too rapidly or so firm they cripple root growth, crop yields suffer. Soil tilth regulates how easily water can infiltrate, air can diffuse, and roots can penetrate—and how well the land can take heavy farm machinery.

Poor soil tilth is natural in some soils, but caused by farmers in others. The condition is increasing in humid areas, and irrigation projects, especially where heavy equipment is used with intensive cropping systems that return little residue to the soil.

MYSTERY MERCHANT WINNER

MRS. ART CARTWRIGHT was the Mystery Merchant contest winner this week. She was happy to receive a \$24 check as prize money from Ralph Buker of Gambles.

Mrs. Cartwright guessed the Mystery Merchant, Ken Nyce, and the correct number of clues which were 17. There were 120 entries, with 56 persons guessing the merchant and clues correctly.

This week's prize money remains at \$24 and the entry box will be at Stunz Lumber. Entries will be accepted until 4 p.m. Monday.

Can You Guess Our "Mystery Merchant" for \$24.00

WHERE TO LOOK FOR CLUES

Clues may be hidden in ANY AD IN THIS SECTION. When a star appears in any of these ads, it means that additional advertising of that firm appears elsewhere in this issue of the paper and additional clues may also be hidden in any of those ads as well.

Clues will be scattered...there may be from one to five in any ad - or none. This is a contest of skills - and we intend to do our best to outwit you. We invite you to do your best to outwit us!

CONTEST RULES

1. This is a family fun contest! One entry per person (family of four could submit four entries.) Anyone may enter UNLESS a member of your family is employed by the Gate City Journal or by the merchant whose ad is heavily bordered in this section. (This applies ONLY during the week this ad is bordered.) Employees of other sponsoring merchants ARE eligible.

2. Nothing to buy - use any slip of paper for entry blank. Not necessary to be present to win. Not necessary to be a subscriber to the Gate City Journal to enter.

3. WHO'S WHO may be anyone in the Nyssa area. Clues for his or her identity will be hidden ONLY in ads for sponsoring merchants (see "Where to look for Clues" above.) If by coincidence, the name of the WHO'S WHO (or other facts about him or her) happens to appear in news items, editorial matter or other places in this newspaper, these will not count as clues in this contest.

4. To enter, write down the name you think WHO'S WHO is. Add the total number of clues you can find in ALL the ads of sponsoring merchants in this issue. You do not have to list all these clues - just give the total number of them. Don't forget to add your name and address. Then, drop your entry in the box located at the sponsoring merchant, whose ad is bordered in this section of this issue.

5. There is no other place where entries will be accepted. Any member of the family may bring in all the entries for that family. Children under 12 must be accompanied by an adult.

6. This week's contest starts when you receive this issue and closes at 4 p.m. Monday of the following week.

7. At that time (4 p.m. next Monday) a drawing will be held at the store where entries have been received for this week's contest. The first entry drawn that correctly identifies WHO'S WHO will win \$10. If THAT entry also lists the correct total number of clues hidden in all ads of sponsoring merchants, a BONUS OF \$14.00 will be paid. Whenever this BONUS is not won, it will be added to next week's BONUS - which will continue to grow until it is won!

8. Every possible precaution will be taken to prevent typographical errors that might be mistaken for clues, but errorless typography CANNOT BE GUARANTEED (by anyone). The publisher of the Gate City Journal will be judge in all questions and his decision is final. Family participation gives you a better chance to win the jackpot...your wife, husband or youngster MAY spot a clue that you miss!

Remember, you can't win if you don't enter!
