HAVE A HAPPY THANKSGIVING

### Sagers Return From Trip

Raymond and Crete Sager returned last week from a trip to Indianapolis, Indiana, where they visited their son Harlan and wife Karen (Ellis) Sager and their two children Saramarie and James.

Enroute, they attended a Lay Witness at the Good Shepherd Episcopal Church in Ogden, Utah. They saw a former roommate, June Hague, who also taught school in Nyssa.

They visited their daughter Letha and Kenneth Hummels in Fort Collins and attended a swim meet between Longmont and Ft. Collins in which two of their sons participated.

They also visited Mrs. Sager's aunt Crete in Boulder and cousin Marjorie in Loveland, Colorado.

Raymond saw eight of his cousins in Nebraska, only two of which he had ever met before. He also saw two of his mother's brothers and her sister and sister-in-law.

The weather was wonderful and the fall colors were gorgeous and it was a delightful trip.

# How to add \$50,000 to your retirement savings without even trying

Wage earners who are not covered by a pension plan can now save tax-sheltered dollars toward their retirement.

The result? A build-up of your retirement savings by an extra \$40,000, \$50,000... even more!

The Individual Retirement Account makes it possible... and we make it easy, with our Individual Retirement Savings Account—the IRSA.

You may save up to \$1500 or 15% of your wages, whichever is less, each year. For Federal income tax purposes, contributions to your IRSA are fully deductible from gross

income, and you may make this deduction even though you do not itemize other deductions.

The interest your savings earn is also tax-deferred until retirement, when your exemptions will be higher and your tax bracket lower. Compounding of the interest over the years generates more dollars, to build a retirement fund that is tens of thousands of dollars more than would be possible with taxed dollars. The table shows you just how much more you can accumulate.

The sooner you start the sooner you save tax dollars, so don't delay. Phone us for complete information and our free folder explaining the IRSA Plan, or use the convenient coupon. Act today!

HOW IRSA SAVINGS GROW COMPARED TO TAXABLE SAVINGS  
Based on \$1,000 saved at the beginning of each year in a 7.50% 4-Year Savings Certificate, with interest compounded daily.

	SAVINGS IN IRSA PLAN (Taxes Deferred)	Total You Have with Compound Interest Added	SAVINGS WITHOUT IRSA TAX BENEFIT (20% Tax Bracket)
After 5 years	\$ 5,000	\$ 6,296	\$ 3,879
After 10 years	10,000	15,458	8,131
After 15 years	15,000	28,787	15,798
After 20 years	20,000	48,180	24,428
After 25 years	25,000	76,396	35,599
After 30 years	30,000	117,447	50,057

Interest rates may vary from time to time, but should not substantially affect the Plan.  
\*A substantial penalty is required for early withdrawals from savings certificates.
