Home Meat Cutting Subject Of Course

Butchering and cutting meat at home will be the subject of an educational meeting being planned for Thursday, January 8.

Guest speaker at the session will be John Miller, Meat Specialist for the University of Idaho Extension Service. It will be held at the Fairgrounds in Ontario at 7:30 p.m.

Many families who raise their own animals would like to butcher and cut their own meat, but feel they do not know the method to use

according to Helen Conner, Extension Home Economist for Malheur County.

Mr. Miller will demonstrate step by step methods for making compact and smoothly trimmed cuts of meat.

He will also discuss aging of the meat and tools and equipment to use for cutting.

Since meat is highly perishable proper sanitation is important at all times. Mr. Miller will explain sanitation methods to prevent contamination from the time the animal is killed through processing.

Further information on the meeting may be obtained by contacting the Extension Service in Malheur, Payette or Washington County.
